

EMPLOYER

August 2019 Release Notes

1 Reporting: improvements to employer reports

1. Standard Report "Employee Deductions" improved and re-named to be called "Most Recent Elections."
2. Custom Reports: "Most recent elections" and "Eligibility" data types added as options for Custom Reports.

2 "Life based on Health"

1. Some employers only want to provide employer-paid life insurance to employees who elect the health plan.
2. When creating a Life Plan, users can now indicate that it is only available if the employee enrolls in the health plan. Otherwise, the Life Benefit Type will not even appear to the employee.
