

EMPLOYER

June 2019 Release Notes

1 Reporting: new standard report - "Payroll Report"

1. Combines Time & Attendance and PTO data into a single report.
2. Can be run for a given pay period.
3. Designed to greatly simplify the process of getting Time & Attendance and PTO data ready for payroll processing.

2 Enrolled employee's Benefits Area: improved user interface

1. When an employee is enrolled and goes to check out their benefits he or she will see all of the same information, including videos, seen during enrollment.
2. User interface is also greatly improved.
