

Online Benefits Administration

Enroll, manage and access benefits year-round with BerniePortal

Expand Benefits Offerings

BerniePortal makes administering ancillary options easier than ever by giving employers the ability to offer more benefits strategies and funding options. Using a shopping cart experience, employees can easily select benefits and compare costs.

Increase Employee Understanding of Benefits

BerniePortal guides employees through enrollment by embedding informational tools into the benefits election process itself. Include video content, plan descriptions, helpful links and even messages directly from the employer.

Simplify Open Enrollment

Easily edit benefit settings and enrollment details by going online with your enrollment process. Manage benefits elections, enable employee self-service, review pending coverages and view outstanding benefits enrollments.
