

BerniePortal Integrations

Integrate with leading payroll and insurance providers.

Carrier Integrations

Communicating terms and changes to carriers is easier than ever with BerniePortal. BerniePortal integrates with leading insurance carriers via EDI, API and proprietary carrier form mapping technology. BerniePortal also offers free carrier connectivity through our industry-leading solution, BernieBill.

Payroll Integrations

Cut back on administrative challenges using BerniePortal's integrations with leading payroll providers including ADP, Paycor and Proliant. Keep your payroll data streamlined and error-free with real-time connectivity. BerniePortal communicates new hire payroll records, benefit deductions, demographic changes and audits.

BernieBill

Leading carriers can now issue bills through BerniePortal using BernieBill. BerniePortal hosts real-time benefits enrollment and eligibility data that carriers use to issue accurate bills. BernieBill allows employer to access bills directly from BerniePortal. This means no more wrong bills.
