March 2018 Release Notes

Two areas of improvement:

1 **Employee information pages have a new and improved look**

1. Employer admins can view the updated look when accessing an individual from the employee list.
2. Employee information fields are organized now under quaternary navigation options (Personal Info, Contact Info, Other, and Subgroups).

2 **Enhanced capabilities for part-time employees**

1. Email notifications can now be configured and sent to employees in a "None" benefit subgroup.
