## October 2017 Release Notes

---

*Three areas of improvement:*

### **1 Employers can now view Dependents**

- a. Employers are now able to view an employee's dependents within the employee's account.
- b. The employer will be able to edit dependent First & Last name, as well as dependent social.

### **2 Variable LTD**

- a. When an LTD plan is created and "employee chooses" is selected as the LTD plan's approach the "How are premiums calculated?" question will be defaulted to "Per \$100 of monthly benefit".
- b. Employees will then be able to choose their coverage amount during enrollment and their cost will be determined by the coverage amount chosen.

### **3 Carrier forms text color change**

- a. The text that is mapped to carrier forms will now be dark blue.
- b. This should make the mapped text easier to identify.
