

BerniePortal

March 2017 Release Notes

Five areas of improvement

1. Age banded health plan rate configuration

- a. Premiums can now be calculated based off of age at renewal or age age effective date
- b. User can now determine when BerniePortal calculates age

2. New Navigation

- a. BerniePortal got a facelift
- b. Easier to navigate

3. BerniePortal.com

- a. We've also updated our bernieportal.com website
- b. Lots of content for users

4. Optimizing BerniePortal

5. Rate Testing

- a. Soon brokers will be able to test rates directly within the benefits tab.
- b. No longer necessary to wait until enrollment, rates can be tested while configuring the benefit.
