Roselle, IL – March 7, 2016 – PositiveVision, a full service consulting firm specializing in the implementation and support of business management software for small to medium sized businesses, today announced a strategic partnership with SYSPRO, the leading provider of manufacturing and distribution ERP software solutions.

“We’re very excited to offer SYSPRO’s ERP software and give our manufacturing and distribution customers deep insight and streamlined technology across all facets of their organization,” said Bob Baran, President, PositiveVision. “After seeing SYSPRO in action we quickly recognized the power of this tool and look forward to seeing our customers thrive with it.”

The partnership between PositiveVision and SYSPRO will deliver significant customer impact to manufacturing and distribution businesses throughout the greater Chicago area. The product operates on a cloud or on premise platform, and includes financial management, reporting and analysis tools in a mobile friendly environment.

SYSPRO has a team of 1,000 and works with hundreds of partners worldwide to assist them in delivering their ERP product. Customers spanning over 62 countries are using SYSPRO to increase productivity, streamline processes and automate operations.

About PositiveVision

PositiveVision, a member of ERP Partners, is a full service consulting firm specializing in the implementation and support of business management software for small to medium sized businesses.
