

Counseling Services Marygrove College

We are happy that you chose to attend Marygrove College, and we plan to offer you services that are of high quality and relevant to your educational time with us!

One of these services includes counseling and psychotherapy. If you are unable to or if you do not desire to schedule an appointment at one of the local [counseling services agencies in the Detroit area](#), instead choosing to receive counseling services directly from Marygrove College, please carefully read the following:

Informed Consent for On-Campus Face-to-Face Counseling at Marygrove College

- I understand that counseling services offered at the Marygrove College campus are free of charge, and that counseling is voluntary; I am free to withdraw my consent to attend at any time.
- I understand that I must be and remain an enrolled student at Marygrove College to receive counseling services; if I become inactive as a student (not including breaks between semesters), I will be referred to an outside agency for counseling.
- I understand that, if I am not meeting my counseling goals, my counselor may refer me to a more appropriate outside agency for counseling and or assessment.
- I understand that I will be refused a counseling session if I show up intoxicated or threaten my counselor or staff.
- I understand that licensed professional counselors are required by Federal and State law to try to protect confidential and private health care information of counselees. However, I also understand that there are exceptions to the limits of my confidentiality: if I indicate 1) the intent to harm myself or another; 2) actual or suspected child or elder abuse; and/or 3) if my counselor is required by court order.
- I understand that, if I fail to keep any 2 consecutive sessions, not alerting my counselor (in advance of the meeting times), the counseling relationship will be ended.
- I have read and understand the information provided above and have asked questions so as to make an informed decision about entering a counseling relationship.
- I have read and understand the information provided in Steven M. Coddington's [Professional Disclosure Statement](#).

I give my informed consent to receive counseling services, and I acknowledge that I am a currently-enrolled student of Marygrove College.
