## **Heritage Healthcare celebrates 13th Anniversary.**

**Greenville, SC, June 1, 2012** – Heritage is celebrating its 13th Anniversary this month with the recent addition of Michigan to its expanding roster of states. Many factors have contributed to Heritage Healthcare's success over the years, not the least of which is their practice of establishing long-term partner relationships with their clients.

Independently owned and operated, the extensive industry experience of the leadership at Heritage Healthcare has been a firm foundation for growth. Through all of the recent changes and challenges in this industry, Heritage Healthcare remains more dedicated than ever to their Associates, their Customers and the Patients they treat, by continuing to be efficient in providing rehab services without sacrificing individualized quality of care. The residents in the facilities they serve not only receive the best care possible, but they receive it in a way that lets them know they're valued and cared for as individuals. It's all a part of Heritage Healthcare's corporate philosophy called *Compassionate Care*.

As the healthcare industry evolves and experiences increased scrutiny, Heritage Healthcare continues to focus on the positive outcomes of each resident in their care.
