

Education Modules

STAFF | 2019

WHEN	WHAT	WHO	DETAILS
JUN 12	PDGM 101 Basics and Strategy	All staff, RD and RVP	Learn the basics of the new payment model: Patient-Driven Groupings Model (PDGM).
JUL 10	Functional Scoring and Delivering Outcomes	Evaluators, RDs and RVPs	Discuss and review the importance of accurate functional scoring in support of OASIS items and discuss our role as therapists in supporting home health agencies in providing strong clinical outcomes.
AUG 14	Therapy's Role in PDGM	All staff, RD and RVP	Discuss how the roles of our staff and leaders will be changing between now and January 1, 2020; what we will need to do to become more efficient and show new competencies to produce clinical outcomes for our patients and residents.
SEPT 11	Safe Transitions and Re-Hospitalization Mitigation	All staff, RD and RVP	Discuss our role in addressing patient risk areas by using evidenced based care transition guidelines. This includes treatment approaches, IDT communication strategies, and documentation to support both moving the patient to the next level of care safely while addressing the risk areas for re-hospitalizations.
OCT 9	Clinical Profiling	Evaluators, RDs and RVPs	Discuss IDT strategies for effective and efficient ICD-10 coding for primary and co-morbidity capture. Understanding the impact of ICD-10 coding to clinical mappings.
NOV 13	Clinical Strategies & Care Pathways (UR)	RDs and RVPs	With the removal of therapy visit thresholds as a key reimbursement driver, clinical planning to drive outcomes takes center stage. Review of our utilization guidelines aligned to our clinical pathways (care pathways) and the future of therapy management under PDGM. Will address considerations for LOS, LUPA, and required outcomes.
DEC 11	Clinical Strategies & Care Pathways/ UR Pathways/ Transitional Planning	All Staff	With the removal of therapy visit thresholds as a key reimbursement driver, clinical planning to drive outcomes takes center stage. Review of our utilization guidelines aligned to our clinical pathways (care pathways) and the future of therapy visits management.
