

Education Modules

STAFF | 2019

WHEN	WHAT	WHO	DETAILS
JAN	Group and Concurrent	All staff, RD and RVP	How to successfully implement group and concurrent as effective modes of treatment in your daily treatment approaches.
FEB	Section GG Strategy	Evaluators, RDs and RVPs	We will review process and timing, best practice IDT collaboration, MDS Section GG review – coding loopholes (coding pitfalls), and potential revenue impact.
MAR	Managed Care	All staff, RD and RVP	Understanding managed care contracts, reporting, documentation requirements, and outcomes success!
APR	How Our Roles as Clinicians are Changing	All staff, RD and RVP	Discuss how each role is changing between now and beyond October 1st, 2019. What we all need to do to prepare and show our competency in increasing efficient outcomes for our residents today and tomorrow. We will also address the SLP's role in cognition under PDPM.
MAY	*The New Clinical Meeting	RDs and RVPs	This training will discuss how to collaborate to improve the overall clinical patient experience and ensure you capture the most accurate and up-to-date clinical picture of each resident as well as enhance care planning in the process.
MAY	Clinical Pathways and Problem-Oriented Documentation	All staff, RD and RVP	Optima 2.0: Rationale and functionality of the clinical pathways, including problem oriented documentation.
JUN	*ICD-10 Mapping	RDs and RVPs	We will review how ICD-10 codes impact reimbursement under PDPM, what to do with return to provider codes and how EMRs will support, physician, NP, and the H & P as well as you coders will drive this process together. We will also discuss the process of "active" and "resolved" codes and how that will impact reimbursement.

* Partner Included Training

All courses are mandatory for staff assigned. Competencies to be completed after each course are also mandatory [on CEU360].

Education Modules

STAFF | 2019

WHEN	WHAT	WHO	DETAILS
JUN	*Collaborative and Effective Restorative and Activities Programming	All staff, RD and RVP	Understanding the most effective programming surrounding restorative and activities for the most optimal outcomes today and tomorrow under PDPM.
JUL	*Completing an Interim Payment Assessment	RDs and RVPs	Discuss the first tier classifications triggering an IPA; how to track and implement new process into your meetings, when to do an optional IPA and when not to and how to use your EMR to assist you in decision making. How Section GG and depression plays a guest role. As well as how to transition from RUG-IV to PDPM on October 1st with the use of IPAs.
AUG	*Triple Check, Pre-Transmission Review and EMR Revolver	RDs and RVPs	Identify EMR specific reporting to integrate into pre-transmission review, learn about newly revised triple check process for effective billing and discuss the EMR Revolver.
SEPT	*Compliance and QA	RDs and RVPs	Review Medicare skilled criteria and how this may effect your day to day operations and clinical and discuss potential compliance triggers and how and when to monitor and implement into your QAPI plan.
SEPT	Utilization Pathways	All staff, RD and RVP	With the removal of therapy minutes as a reimbursement driver, outcomes remain even more important. Review utilization pathways and how they align to our clinical pathways, how to use them as guidelines and what happens when a resident requires more or less than the guidelines.
SEPT	Metrics of the Future	RVPs	Live at the September Ops Meeting: What are the new metrics under PDPM and how to effectively use them to manage our business and outcomes.

* Partner Included Training
