

here's the deal

california **pharmacists** association

## TOP 5 REASONS FOR STUDENT PHARMACY TECHNICIANS TO JOIN CPhA:

- 1 Recognition you deserve**  
It's no secret that pharmacy technicians and pharmacists are one of the highest trained and most trusted health-care professionals. That is why CPhA goes the extra mile to ensure you can practice your profession to the fullest.
- 2 Advance your career beyond school**  
CPhA doesn't stop with advancing the scope of practice for pharmacists and technicians. We also provide the necessary training to ensure that you receive the appropriate designations to continue to expand their scope of practice after school.
- 3 Unite the profession**  
There are 70,000 licensed technicians in California compared to 47,000 pharmacists in California. When all pharmacists and technicians join CPhA our voices become unified, amplified and heard. As our voices get louder, our opportunities to create change increases.
- 4 Dictate the course of your profession**  
Every day that the Legislature is in session, your profession is in jeopardy. By getting involved in your statewide association, you can help dictate the course of the profession to the Legislature. As healthcare experts, it is imperative that pharmacists and technicians are involved in regulatory and policy discussions affecting the profession.
- 5 Pay it forward for future generations.**  
As one of the oldest health professions, pharmacists and technicians have a duty to protect the profession for future generations. Be proud of the legacy you create for the profession.

### WHY JOIN?

Although there are many benefits to joining CPhA the most important benefit is that you will have a say in how your profession advances in California. Every day the Legislature is in session, your profession is in jeopardy. By joining your colleagues in CPhA our voice becomes louder. CPhA uses our collective voice to inform the Legislature that pharmacists and technicians are valued healthcare professionals who are central to the healthcare of ALL Californians.

### DID YOU KNOW?

CPhA has the lowest annual dues of all statewide healthcare associations and the second highest number of healthcare professionals practicing in California. With every member our voice grows stronger. The stronger our voice, the more pharmacists dictate the future of the profession.

**You've taken charge of your career -  
now it is time to take charge of your profession.**
