### **Phoenix Sjögren's Support Group Meeting**

**Saturday, February 29, 2020**

**Guest Speaker: Steven Taylor**

***President & CEO – Sjögren's Syndrome Foundation***

**Topic: “State of the Foundation: Changing the Game for Patients”**

Since joining the Foundation as CEO in 2003, Steven Taylor has focused on increasing Sjögren's awareness, changing patient care for Sjögren's patients while also focusing on introducing large research initiatives that will change how Sjögren's is perceived and understood.

At this meeting, Steven will share the vision for the Foundation as we change our name to the Sjögren's Foundation and begin a new paradigm shift in Sjögren's research and awareness. Steven will share the most up-to-date information about new drug development as well as treatment guidelines for Sjögren's! In addition to his 16+ years' experience in Sjögren's, Steven also brings a big heart and a personal connection to Sjögren's, as his mother was diagnosed 25 years ago. So please bring your questions and ideas and be prepared for a very special meeting!
