

Dear Sjögren's Syndrome Patient:

We are pleased to share information about a new clinical research study already enrolling in your area for individuals with Sjögren's Syndrome. Your participation in this study could help future patients worldwide and I hope you will consider learning more.

The study, **INCB 50465-207**, is looking for individuals diagnosed with Sjögren's Syndrome and no other autoimmune rheumatic disease, such as a Lupus or Rheumatoid Arthritis. You are most likely to be eligible for the study if you have enlarged salivary glands and severe symptoms of eye and mouth dryness. Patients can be male or female 18 years of age and older. Travel Assistance is available if needed.

If you are interested in hearing more and seeing if you may be eligible, please contact your local research center conducting this trial at:

Dr. Paul DeMarco, Principal Investigator
The Center for Rheumatology and Bone Research
2730 University Boulevard West, Suite 306
Wheaton, MD 20902-1928

Contact Clinical Trial Coordinators – Megan Lormore or Janice Whyte-Whitworth at (301) 942-6610 or via email: mlormore@arapc.com, jwhitworth@arapc.com

On behalf of the millions of Sjögren's Syndrome sufferers in this country, I thank you for taking time to learn more about this study.

Sincerely,

A handwritten signature in black ink that reads "Steven Taylor".

Steven Taylor
Chief Executive Officer

Note: You received this notice because of your participation and/or interest in the Sjögren's Syndrome Foundation. The SSF sends this research notice for information only. It does not represent an endorsement of this study but only makes you aware of this research project for your participation if you choose.
