

Dear Sjögren's Syndrome Patient:

We are pleased to share information about a new clinical research study already enrolling in your area for individuals with Sjögren's Syndrome. Your participation in this study could help future patients worldwide and I hope you will consider learning more.

The study, **INCB 50465-207**, is looking for individuals diagnosed with Sjögren's Syndrome and no other autoimmune rheumatic disease, such as a Lupus or Rheumatoid Arthritis. You are most likely to be eligible for the study if you have enlarged salivary glands and severe symptoms of eye and mouth dryness. Patients can be male or female 18 years of age and older. Travel Assistance is available if needed.

If you are interested in hearing more and seeing if you may be eligible, please contact your local research center conducting this trial at:
