

12" Deep Seats

Consistent full-depth seat for increased patron comfort

SSM™ 12" Sculpture Seat Module

Features

- Heavy steel bracket provides steel-to-steel through bolting at every 18" increment
- Structural ribs: Five vertical & two lateral
- End caps

Solid Color Seat Modules

- These modules feature redesigned end caps and a full 360-degree interlock connection.
- Our wide range of 15 standard colors will complement any decor.
- Custom module colors, other than those shown, as well as contrasting end caps are available upon request. Color depictions will vary slightly from actual color. Please contact your local Interkal representative to verify your color selection.

Easy Maintenance

- Easy to clean, easy to sweep—no obstructions
- No debris traps or exposed hardware

Appearance

- A wide range of available colors dramatically increases aesthetic appeal and provides for interior design or school color options.
- Modular design concept clearly delineates each seat space and allows for ease of replacement should it ever become necessary. A recess in the module allows for optional seat numbering.
- Modules are available in 12" depths. The 12" Sculpture Seat Module requires a minimum of 24" back-to-back row spacing.
