

District360 is a K-12 analytics and data management solution from Assure's education practice that provides insight, hindsight, and foresight from Student Information Systems (SIS) such as PowerSchool and non-SIS sources, enabling District and School Leaders, Coordinators, Teachers, Students, and Families with the right data, at the right time for better decision making.

Drivers in K-12

- Student Achievement
- Teacher Effectiveness
- Curriculum & Instruction
- College & Career Readiness
- School Culture
- Family Engagement
- Personalization
- ESSA
