

Congratulations, U-Planner!

For more than 10 years, the Microsoft worldwide partner conference, now called Microsoft Inspire, has provided a unique event for thousands of partners from more than 100 countries. Each year at this conference, a select few truly stand out in a distinguished, competitive field to receive worldwide recognition of excellence as a Microsoft Partner of the Year Award Winner.

I would like to recognize U-Planner for joining a group of influential and inspiring leaders as the Microsoft 2017 Public Sector: Education Award Partner of the Year Award Winner.

It is impressive to see how partners leverage the breadth of the Microsoft platform to create groundbreaking solutions in each award category. As a winner, your company has demonstrated breakthrough customer impact, solution innovation, speed-to-market, deployment, and utilization of advanced features in Microsoft technologies over the past year. I am confident that your extraordinary accomplishment will provide your company with new business opportunities and increased visibility in the industry and markets you serve.

Again, congratulations on your success as a Microsoft 2017 Partner of the Year Award Winner. I am honored to work with partners who display your passion for helping customers reach their full business potential.

Regards,

Judson Althoff
