Description:

MaidPro Oakville-Burlington sits right off the QEW at Appleby Line, a prime location to access all of the Halton region. We won the Homestars Best of 2019 Award for customer satisfaction and have a solid base staff with a great manager in place. It really is a turnkey business and requires very little attention to maintain current revenue levels. However, our main office is in Calgary, and we've found we just can't pay this office enough attention to see significant sustained growth. It needs a local owner who understands Ontario priorities and mindset and can give it the TLC to really tap into the affluent client base in a big territory.

Reason for Selling: Too Far from Main Office
