

CivicPlus[®] Media

Engage Your Citizens with Live and Recorded Video

Today's digitally-minded citizens are logging more hours watching online video than ever before, and they are searching for content that ranges from entertaining, to informative. For local governments, video is a powerful mechanism for sharing news and events, encouraging civic participation, meeting transparency requirements, building a brand, recruiting employees, and encouraging citizens to develop a sense of civic pride.

Live Stream:

- Board meetings
- Community concerts or parades
- School sporting events
- Council meetings
- Elected official Q&A sessions
- Press conferences

Live and On-Demand Video Streaming

Media is a core component of the CivicPlus® Platform and is accessible by all our unified applications, including our CivicEngage® website design and hosting solution and our CivicClerk® agenda and meeting management solution. With our Media solution, you can integrate live or recorded videos of meetings and events anywhere on your CivicEngage website that are easily accessible by citizens from any desktop computer or mobile device—no technical or coding skills necessary.

Simple live stream recording.

Immediate availability of recorded videos for on-demand viewing—no additional steps or manual file uploads.

Convenient integration with social media platforms including Facebook, YouTube, and Twitter.

High-definition video for professional-quality presentations.

Link meeting agendas and bookmarks.

Auto-start recordings of meetings, so video viewers never miss a moment of live proceedings.

View insightful analytics to optimize civic participation.

Create event templates for effortless set up of recurring meetings.

Pause live streaming and post a custom message to viewers.

Accommodate unlimited events and viewers.

Integrated live and on-demand closed captioning services now available. Ensure compliance with ADA guidelines, increase viewership, and allow citizens to view content anywhere.

Concurrent Multiple Streaming Functionality. If you often have multiple meetings occurring at the same time, use Media to record and broadcast multiple meetings simultaneously.
