3M Fabric adhesive tape 2903

Application:

For bundling, packaging, connecting, sealing, protecting and colour coding products.

Notes:

we recommend that you request the safety data sheet with your first order.

Advantage:

- Very good adhesion on different surfaces
- Fabric allows straight, tool-free tearing off in both longitudinal and transverse directions
- Can easily be torn by hand
- Good mouldability of the backing material for use on uneven surfaces

Technical data:

- Type description: 2903
- Width of tape x length of strap: 48 mm x 50 m
- Thickness: 0.15 mm
- Type of adhesive: Rubber/resin
- Adhesive tape backing material: PE-coated fabric
- Breaking elongation: 30 %
