

Workpiece clamping		
	Lathe and circular grinder accessories	831
	Technical introduction - lathe chucks	842
	Selection overview - Lathe chuck selection	845
	Lathe chucks and accessories	846
	Tool holder VDI DIN 69880-1 for NC lathes	860
	Coolant nozzles for CNC lathes	864
	Pressure collet chuck and draw-in collet chuck	867
	Collet chuck CAPTIS-M and accessories	874
	Technical introduction - magnetic clamping technology	879
	Magnetic clamping technology	879
	Technical introduction - vacuum clamping technology	884
	Vacuum clamping technology	885
	Mechanical clamping elements	889
	Technical introduction - quick-action clamps	911
	Quick-action clamps	913
	Precision vices	928
	Electronic drills vices	930
	Machine vices	932

Workpiece clamping		
	High-pressure machine vices	934
	3-axis and 5-axis machine vices	946
	Centre clamping device	948
	ATORN quick-jaw-change system	956
	Multiple clamping vices	961
	ATORN clamping jaw with positioning pins	964
	Workpiece stops, T-groove covers	965
	Positioning elements	971
	Zero point clamping system	972
	Hydraulic lifters	978
