WISDOM OF CROWDS

WISDOM OF CROWDS SCHEDULE

08:30 Registration and Networking

09:00 Taking the Fight to the Cyber Criminals

Speaker: Amar Singh
Cyber Management Alliance (UK)

It's time to take back the Internet from the cyber criminals. Yes basics are important but it's time we get real and take some hard decisions before the criminals take over.

09:30 The Role of Predictive Technologies in Changing Cyber Threat Space

Speaker : Saily Paithankar, Sr. Associate Presales, Arcon

We live in the age of data-driven world. It's like a modern-day fuel. From AI to IOT, data is transforming our day to day lives. But as modern day mankind turns tech-savvy, cyber crooks are also getting more canny. As data seamlessly flows across our devices, threat of possible misuse always linger. Ergo, IT security in the next decade will be contextual: data will be protected not machines.
