

1. **5 Degree Overbend:** Ensures tight overlap between panels.
2. **Anti-Siphon Groove:** Creates an internal air gap at panel overlap to help prevent water intrusion.
3. **Underlayment:** High Temp Ice & Water shown. For use at eaves and valleys.
4. **Substrate:** Plywood substrate material shown

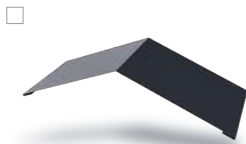

Roof Coverage	36"
Wall Coverage	36"
Panel Gauges	26*, 29*
