LobbyAttendant™

Virtual Front Desk™

Visitor Management Software

Enhance your front desk services with **LobbyAttendant™** – the wayfinding and building directory kiosk program from **Advanced Kiosks**. Your visitors will enjoy the ease of a self-service reception with this groundbreaking software.

Our smart and **advanced technology** allows visitors to find their way, search for businesses, departments and employees, call occupants and other selected services.

LobbyAttendant™ is more than just a building directory. It can improve reception services, build an easy-to-use visitor interface and make your kiosk an integral part of the welcoming experience for your guests.

Application Buttons
Choose additional features. Link to any of our standard applications or customize with your own icons and links.

Language
Users can choose either English or Spanish. Other language options are available for an additional cost.

Welcome Statement

RSS Feeds
Connect your interface to RSS Feeds, from news to sports, it can be displayed here. Customers can press the Feed icon for more information.

Main Screen Image
Use one of our generic images or personalize with any image you choose.

Maps

Find a Person
Connect with them over VOIP

Find a Department or Business

Weather
Is set from your zip code.

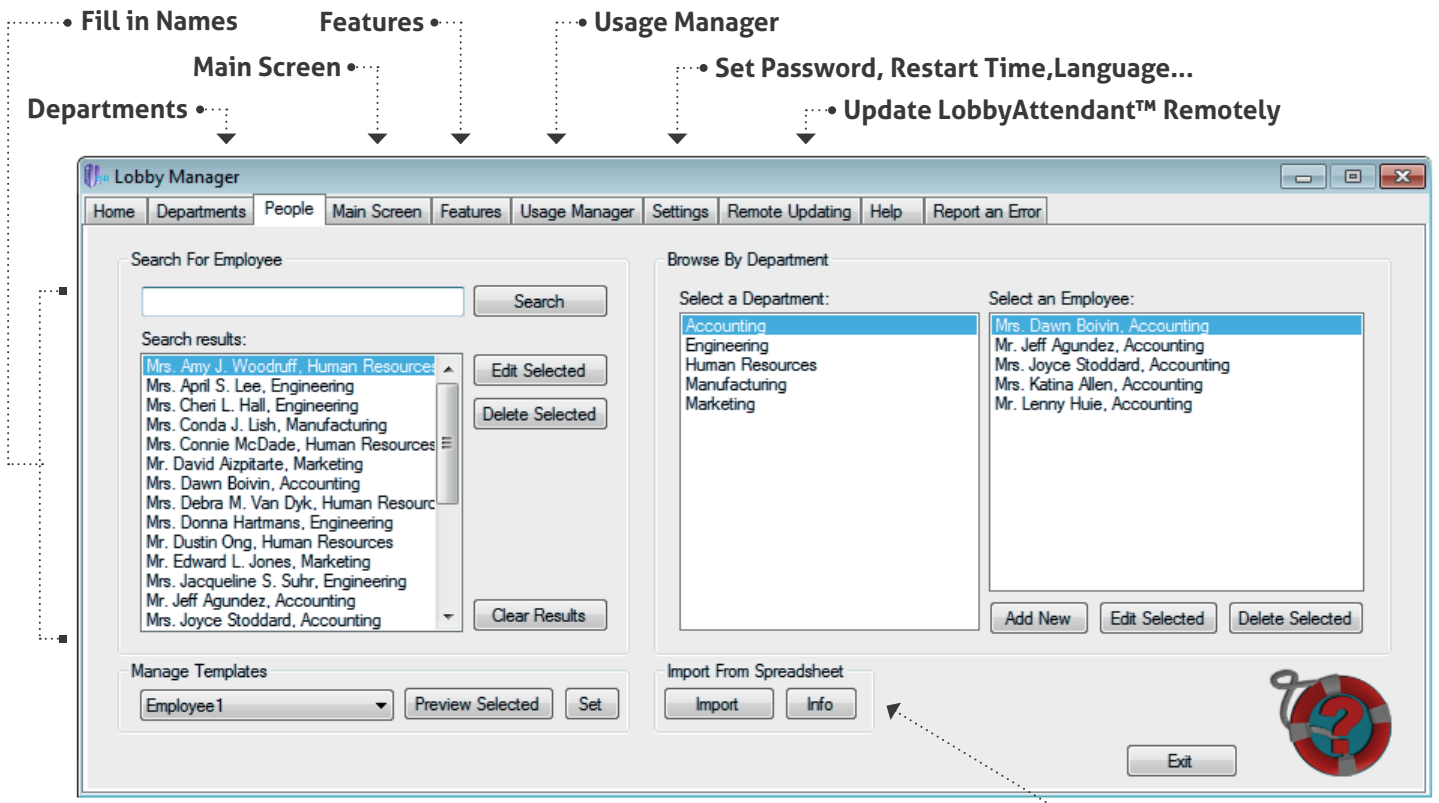
Time and Date
Is set by your computer clock.

Company Logo
Add your company's logo.

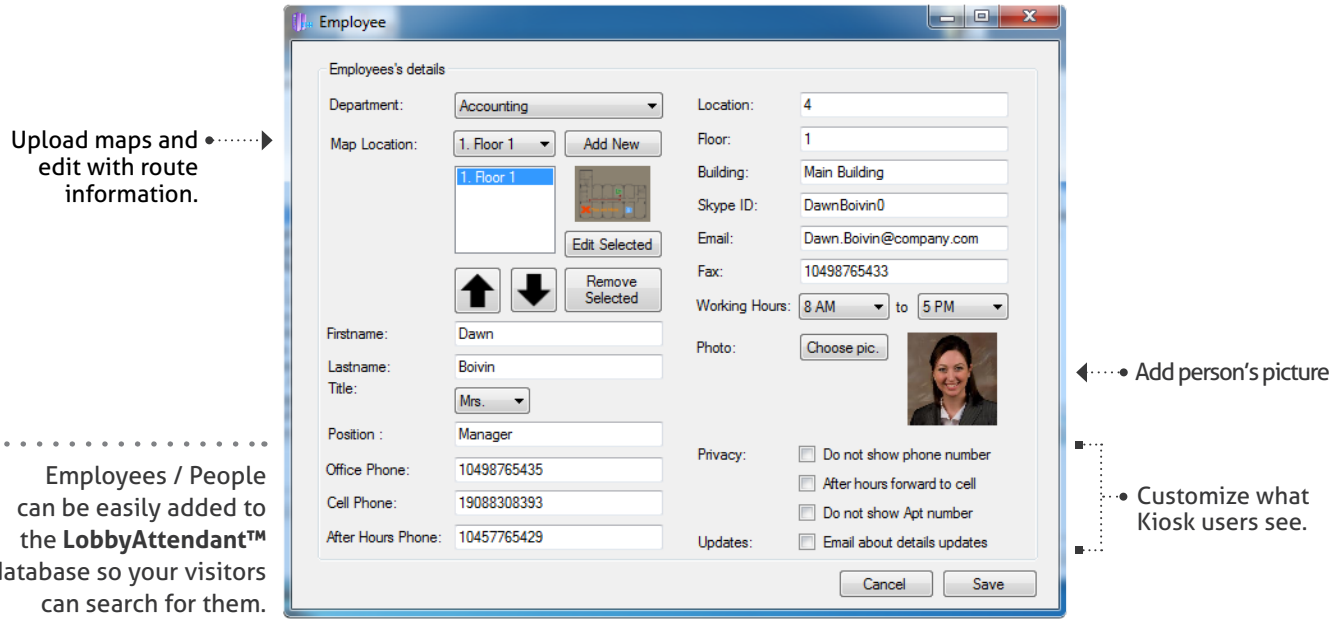
Handicapped button
Will help make your facility ADA friendly.

Download your own image to your touch screen kiosk to create a distinctive look to greet your visitors. Everything on the **LobbyAttendant™** main screen is configurable through a setup program. You can add businesses and people so they can be searched, add maps and routes to help get your visitors where they want to go. Have more questions? Take a look at our **LobbyAttendant™ page** and watch the movies to see how easy this is to setup.

www.advancedkiosks.com



The setup of the **LobbyAttendant™** is easy with the back-end administration tool. The structure is broken up into sections to make updates less time consuming.



Advanced Kiosks

Engage Interact Satisfy

The Touch Screen Advantage

LobbyAttendant™ is the only software designed specifically to help your visitors find their way, locate their party and provide all of the assistance they might need in an intuitive and easy to use solution. You don't have to be a programmer to use it, just click and fill in the blanks to set it up.

Interested? Want to learn more?

GO to the **LobbyAttendant™ page** and review the online movies that show how easy it is to use, or give us a call at **866-783-3791** for a FREE 30-day trial.
