

- Are you just beginning to think about future capital projects, line additions, equipment purchases, moves, or expansions?
- Have you identified areas of risk related to machine safety or technology obsolescence?
- Are you adding networks to the plant floor or working to connect the plant floor networks to the business systems?

There are many moving parts to consider in any expansion or new project. Do you have a trusted advisor who can pull it all together and see the project through?

### EESCO is Your Trusted Advisor.

**Capabilities:** EESCO Managed Solutions takes the people, the partners, and the extra-effort and makes your project a success!

**Resources:** EESCO Solution Development Managers, Rockwell Automation, our key suppliers, and System Integrators are aligned to support you. This team has a proven track record.

**Consultation:** EESCO will listen to your needs and maintain regular communication with you every step of the way.

**Engagement:** EESCO Managed Solutions is structured to make sure we engage the right resource to execute your project successfully.

**Navigation:** Your EESCO team will support you throughout the lifecycle of the project. We will demonstrate how we help you “Manage” a Managed Solution.

EESCO is a division of WESCO Distribution, Inc., the primary operating entity of WESCO International, Inc. (NYSE: WCC), a publicly traded Fortune 500 holding company headquartered in Pittsburgh, Pennsylvania, is a leading provider of electrical, industrial, and communications maintenance, repair and operating (MRO) and original equipment manufacturers (OEM) products, construction materials, and advanced supply chain management and logistic services. 2016 annual sales were approximately \$7.3 billion. The company employs approximately 9,000 people, maintains relationships with over 25,000 suppliers, and serves over 80,000 active customers worldwide. Customers include commercial and industrial businesses, contractors, government agencies, institutions, telecommunications providers, and utilities. WESCO operates nine fully automated distribution centers and approximately 500 full-service branches in North America and international markets, providing a local presence for customers and a global network to serve multi-location businesses and multi-national corporations.
