Schedule **M** (Form 990) 2013 MAP International, Inc. 36-2586390 Part II Supplemental Information. Provide the information required by Part I, lines 30b, 32b, and 33, and whether the organization is reporting in Part I, column (b), the number of contributions, the number of items received, or a combination of both. Also complete this part for any additional information. Part I, Line 32 - Hire and Use of Third Parties MAP International uses the services of a broker to sale publicly traded securities. Schedule M - Additional Information For the 2014 and 2013 fiscal year end, MAP has determined the estimated fair value of donated inventory in accordance with fair value measurement accounting standard using Wholesale Acquisition Cost(WAC). WAC is considered to more closely approximate fair value as it is self reported by manufacturers. While WAC is not based on actual sales transactions, it is defined in the Social Security Act: "Section 1847(c)(6)(B) of the Act defines WAC as the manufacturer's list price for the drug to wholesalers or direct purchasers, not including prompt pay or other discounts, rebates, or reductions, for the most recent month for which information is available." ___WAC is the undiscounted list price that manufacturers report to publishing companies, such as First DataBank and Thompson Reuters, which use these data to produce pricing compendia. The price wholesalers charge pharmacies for a drugs is generally based on WAC. In a similar way, MAP determines fair value from the WAC values published in Redbook® Online by Thomson Reuters. ___Inventory items not listed in Redbook@ have been valued according to an average of current market data derived from international pricing to obtain a reasonable fair market value. For donations that originated from countries with validated pricing <u>information, the pricing information of the respective country was used to determine</u> fair value.
