Planned giving with MAP International

One of the most important parts of will and estate planning is taking the first steps.

Making plans and updating them as needed can bring great satisfaction and peace of mind. We at MAP International would be pleased to be of assistance as you and your advisors consider a charitable dimension of your long-range financial plans.

Stock and Mutual Fund Donations

Because we are a qualified charitable organization, any gift to MAP International is eligible for an income tax charitable deduction.

If you donate appreciated stock or mutual funds instead of cash, you also avoid any capital gains tax that would be due if you had first sold the stock and then donated the proceeds.

"I support MAP because I want to give as much back to the Kingdom as possible. And I like the MAP people I have been in contact with over the years; they are committed to God and are good stewards of His resources." — Samuel, Wasilla, AK

Are You Exercising Your Will Power?

Will power reminds you that planning your estate isn't really for your benefit — it's for the benefit of the family, friends and organizations you will leave behind. Your will makes it easier on them, because it tells them exactly how your affairs will be settled. Without *will power*, you could leave your family grieving and in conflict or economic turmoil. Having a will does make a difference — we've witnessed firsthand at MAP International the peace of mind a lovingly planned will has brought to the families of our donors.

Finally, *will power* assures you that your support of the organizations that have meant the most to you can be carried forward for generations to come. A charitable bequest builds MAP International's financial strength and helps ensure that we'll be able to keep doing the work that you have valued. We're ready to work with you to create a meaningful gift that satisfies you and supports our mission. We're here to help.

This Year, Resolve to Update Your Estate!

It doesn't take long to see if your estate plan still benefits the individuals and causes that mean the most to you today; it's also a good time to make sure you're saving the maximum on current taxes and administrative expenses.

Start by reading your will, reviewing the beneficiary designations of your retirement accounts, and checking on the beneficiaries and current coverage amounts of your life insurance policies.

"We already had a will and a quick call to our attorney was all it took to add a charitable gift to MAP." — Norman, Tecumseh, KS
