## Versatile and attractive, Allura™ shutter is perfect for security in high pedestrian traffic areas

Heavily visited areas such as retail stores, pharmacies and hospitals often need the security that the Allura™ shutter door offers as well as the flexibility in the aesthetic options to match the surrounding environment.

Allura™ Model 653 is a next generation light-duty door solution that is versatile enough for specialty uses and has a space-saving design, making it perfect for installations with limited side room and headroom. Multiple perforation and fenestration options allow for many configurations with the right amount of light and air passage.

### Hood with bracket dimensions

### The original, innovative choice for unequalled quality and service.

Overhead Door Corporation pioneered the upward-acting door industry, inventing the first upward-acting door in 1921 and the first electric door operator in 1926. Today, we continue to be the industry leader through the strength of our product innovation, superior craftsmanship and outstanding customer support, underscoring a legacy of quality, expertise and integrity. That's why design and construction professionals specify Overhead Door Corporation products more often than any other brand. Our family of over 400 Overhead Door Distributors across the U.S. and Canada not only share our name and logo, but also our commitment to excellence.
