

## Business Energy Report - Main Street Cafe

### What Your Resturant Spent

### Annual Energy Use Trend (kWh)

Your business is using 10% less energy compared to last year.

### Online Assessment

Every business uses energy differently, so the energy-efficient improvements that help your peers save might not be right for you. Our free Online Energy Portal provides you with saving recommendations and offers personalized for your business.

**TURN OVER** 

### Let's Do The Math

The following factors contributed to changes in your bill when comparing this report period to the same period last year:

 **Outside Temperature**  
 It was cooler outside. **-\$25**

 **Price Per kWh**  
 Energy prices went up. **+\$25**

 **Days in Bill Cycle**  
 This cycle was shorter. **-\$25**

 **Business Activities**  
 You used less energy. **-\$25**

 **Total Change:** **-\$75**  
**LESS than last year**

## How You Used Energy

## Ideas To Keep Your Business Cooking

Based on your restaurants energy usage, Agentis recommends these energy saving tips. Agentis is here to help. Lets get started now, call XXX-XXX-XXX for a free assessment!

### ENERGY STAR® Equipment

While high-efficiency appliances can cost more up front, significantly lower bills make up for the price. In fact, appliances with ENERGY STAR® offer energy savings of 10 to 70 percent over standard models, depending on the product category.

**Call Today  
630-359-6210**

Potential Savings  
\$1,203 per year

### Restaurant Energy Use

Restaurants use about five to seven times more energy per square foot than other commercial buildings.

Learn how you compare to other restaurants in your area. Schedule a free assessment!
