

Development Operations Analyst

We are seeking a Development Operations Analyst to join the Confirmation team in our Delray Beach, Florida location. The qualified candidate will serve as a key, hands-on automation and deployment expert. This person will script using PowerShell and Visual Studio programming to speed up application and code deployment as well as scheduled nightly tasks for all computer systems in the US and abroad.

Responsibilities

- Deployment scripting in all environments
- Complete monthly/nightly task automation and tracking
- Automation of Patch and software version management
- Centralized logging and reporting
- KACE management tool enhancement and reporting for global inventory tracking
- Alert management tools, SiteScope, Site24 x 7
- All other duties as assigned

Preferred Skills

- Windows Network Applications
- Local and Wide Area Networks

Qualifications

- 5+ years PowerShell, Visual Studio, Visual Basic experience
- Bachelor's degree preferred

Compensation

- Compensation commensurate with experience and education.
