Product Analyst

We are seeking a **Product Analyst** to join the Confirmation.com team in Brentwood, TN. The qualified candidate will work collaboratively with product managers, technical analysts, and internal and external stakeholders to capture business requirements and support the product line. The Product Analyst will oversee requirements gathering, user acceptance testing, conduct market research, and monitor product utilization.

Responsibilities
- Research and report on market and competitive conditions.
- Work closely with product managers to ensure business requirements are captured, documented, developed, and executed effectively.
- Manage project level stakeholder participation.
- Collaborate with Product Managers on roadmap management.
- Track and report usage and effectiveness of product lines and developed features.
- Conduct User Acceptance Testing.
- Execute product line and project level implementation tasks including internal training as needed.
- Provide analysis and research to support sales and customer support with respect to product level questions and/or issues.

Qualifications
- Bachelor's degree.
- 3+ years of experience in business analysis.
- Background in web based application development preferred.

Compensation
- Compensation depends upon experience and education.

Travel
- 10% or more.
