

Streamline your confirmation responses in one secure place

Banks receive thousands of mailed, emailed, and faxed confirmation requests from auditors each year. Responding is tedious and time-consuming.

That's where Confirmation comes in. Our secure, online platform helps you respond to more confirmations in less time and centralizes the process in one place.

Confirmation bank network highlights

4,000

banks and departments around the world respond through Confirmation

87

of the top 100 U.S. banks use Confirmation

13

of the top 14 U.S. banks use Confirmation exclusively

Efficient

Eliminate manual, redundant work and duplicate requests. Some banks report up to 90 percent time savings.

Secure

Your clients' data is safer here. Confirmation's services exceed industry standards and pass hundreds of security audits each year.

Trusted

Confirmation is used by 125K auditors at 16K firms around the world, and is an American Bankers Association endorsed solution.

Free

Confirmation is completely free for banks. Auditors pay for the service to get quick and accurate responses.
