

Streamline your confirmation responses in one secure place

Banks receive thousands of mailed, emailed, and faxed confirmation requests from auditors each year. Responding is tedious and time-consuming.

That's where Confirmation comes in. Our secure, online platform helps you respond to more confirmations in less time and centralises the process in one place.

Confirmation's global network spans

170+

countries and includes

200K

auditors at

16K+

audit firms (including the Big 4)

all verified by Confirmation, so you know your clients' data is going to the right place.

Efficient

Eliminate manual, redundant work and duplicate requests. Some banks report up to 90 percent time savings.

Secure

Your clients' data is safer here. Confirmation's services exceed industry security standards and pass hundreds of security audits each year.

Trusted

Confirmation is an Associate Member of UK Finance and is a proud partner to 4,000 banks and departments.

Free

Confirmation is completely free for banks. Auditors pay for the service to get quick and accurate responses.
