- Unlimited reporting

## BUSINESS BENEFITS

With Botkeeper, you'll save time and money, reduce tax risks, and prove ROI with top-quality bookkeeping services. Our tools make it easy to categorize expenses and generate high-quality reports for your company, while our skilled accounting team trains the machine and applies critical thinking. Botkeeper can also pair you with one of our trusted Accounting Partners for tax filing, advisory services, wealth management, and more! We know how to transform your bookkeeping operation—no matter your industry or size—and we're here to help.

## WHAT'S INCLUDED WITH BOTKEEPER?

Botkeeper was built to perform the same work a bookkeeper would, but more accurately, efficiently, and at a less expensive rate. No more worrying about recruiting, interviewing, vacations, sick time, payroll taxes, poor quality, or fraud risks. Botkeeper will be able to pull the data from both your financial and non-financial sources, delivering back to you a dashboard full of reports and analytics you can use to make actionable business decisions. Plus we do:

- Cash or Accrual basis bookkeeping
- On-demand P&L, balance sheet, cash flow statements
- Transaction categorizations
- Bank and Credit Card Reconciliations
- Payroll processing & journal entries
- BillPay
- Invoicing

## WHY BOTKEEPER?

With Botkeeper, you're able to automate your daily bookkeeping tasks without hiring or training a full-time bookkeeper. Botkeeper offers your business:
