Sleek CR™ Closures

In the highly regulated pharmaceutical market, reliable, child resistant closures are essential. Mold-Rite's child resistant closures safely secure your product while ensuring compliance with rigorous protocol testing to meet Consumer Product Safety Commission (CPSC) standards. The new smooth design adds to our already robust selection of child resistant closure options which includes: text, debossed, embossed and pictorial selections. Combine the new smooth CR with one of MRP's many available jars and decoration options for a unique total package. Look no further than Mold-Rite for a complete package solution for a variety of markets including gummies, Cannabis, CBD, topicals, personal care and many more.

Key Benefits:

FEATURES	BENEFITS
New addition to a robust CR closure line	Many sizes, designs and finishes for all your child resistant closure needs
Multiple colors, sizes, liners and quantities	Meet virtually all your branding and application requirements
Promotional flexibility	Smooth finish allows for promotional imprints to be easily added to the top of your package
Responsive & reliable delivery	Delivered with the same quick turn-around time as all Mold-Rite products
