SOAP SAVINGS

BOBRICK

BUILDING VALUE SINCE 1906

The new push for foam soap.

B-823
Universal Countertop
Foam Soap Dispenser

LABOR SAVINGS

TOP FILL CONVENIENCE IS JUST THE TOP OF THE SAVINGS.

Saves 25% labor with no more bending under the counter to change cartridges, plus 25%-50% more pre-mixed lather.

SUSTAINABLE

ZERO WASTE FOR ENVIRONMENTAL RESPONSIBILITY.

Five 800 ml proprietary cartridges (1,000 handwashes) equal a one-gallon jug of bulk soap (6,000 handwashes) for a 57% reduction in post-consumer waste. Plus, a 15% water savings, foam compared to liquid.

SOAP SAVINGS

BULK JUG SOAP VS CARTRIDGES FOR 80% SAVINGS AND MORE.

Universal, open system dramatically reduces cost-in-use versus proprietary cartridges, restricting open market purchasing freedom.

DESIGN

CHROME FINISH FOR FIXTURE AND ACCESSORY INTEGRATION

A design echo of Bobrick's durable B-822, the dispenser is a perfect countertop retro model for existing 1" diameter mounting holes.
