Front End Developer | Spacelab

We are: Spacelab; an award-winning design practice. We've built a reputation over the past 16 years for being visionaries in the industry. We use research, data, and technology to interpret problems and create solutions; re-imagining how spaces can be used for the better.

We are bringing commercial buildings into the 21st century with a host of advanced occupancy and environmental sensors. Our deep understanding of space and pedigree in design gives us a unique perspective on technology in the built environment.

Our internal product team, Techlab, is looking for a mid-level Front End Developer to support the build of an exciting new piece of technology we're building.

You bring:

- A proactive, curious and forward thinking attitude
- A 'together' and team-focused mindset - always committed to the 'we' and not the 'I'

Must have technology skills:

- Javascript/ES6
- Webpack
- Vue 2 + Vuex to create SPAs and dashboard
- Able to use REST JSON APIs, oauth, JWT, etc.
- D3 and dc.js to visualise data interactively
- Unit and integration testing
- Git (We use Github Flow)

Desirable skills:

- Some PHP, Laravel/Blade/Webpack Mix specifically
- UI/UX oriented design
- SQL, relational database design
- Redis
- Nginx
- Can use Linux/unix-like systems
- Can setup a local dev environment

Bonus skills (these are not a requirement of the role):

- Go
- Linux (Debian-based) server admin
- Systemd
- Experience with embedded electronics
- Understands a little bit of C and Protobuf

You get:

- Competitive salary
- Training and career development opportunities, including your own personal development plan
- Uncapped paid annual leave
- Working daily in a vibrant, open, studio environment, situated in the creative hub of Hoxton
- Collaborative style of working, with a diverse and dynamic team
- A varied and exciting client list
- Sociable, none hierarchical, 'family feel' culture
- Varied and fun perks with a focus on wellbeing; both mental and physical

If you'd like to learn more about our culture, check our Instagram @wearespacelab, or our blog spacelab.co.uk/blog. If you're interested please email your CV and cover letter to **robert.kerr@spacelab.co.uk**. Please send any references or anything else that will help you stand out.

No agencies please. Due to the large volume of applications expected we are unable to respond to all enquiries. If you do not hear from us within 2 weeks please assume your application has been unsuccessful. Spacelab is an equal opportunities employer.
