Campus Summer Programs 2018
Northeast

Tufts Pre-College Intensive (International Relations)

Description: Experience Tufts' distinctive approach to the study of International Relations by analyzing current and enduring global issues with faculty from the School of Arts and Sciences and the Fletcher School of Law and Diplomacy, by immersing yourself in intensive college-level foreign language training, and by living on Tufts' campus. Outside the classroom, this unique program will expand your social network while exposing you to Boston's rich academic and cultural offerings through several college and university tours and extracurricular activities.

- **Date:** July 22nd to August 3rd
- **Age:** Grades 11-12 and 15 by program start
- **Application Deadline:** May 1
- **Program Fee:** \$5,000

Tufts Pre-College Intensive (Leadership for Social Change)

Description: Join Tufts University's Tisch College of Civic Life for an exciting, engaging, two-week summer program created for those who are passionate about making a difference in the world and having an impact on local and global issues. With a lens toward advancing equity, inclusion and participation in civic life, the program will equip students with the skills and knowledge to build connections, work collaboratively, and emerge as change agents who can inspire others. The students will also tour several college campuses in the area.

- **Date:** July 22nd to August 3rd
- **Age:** Grades 10-12 and 15 by program start
- **Application Deadline:** May 1
- **Program Fee:** \$5,000

Tufts Pre-College Intensive (SMFA Studio Art)

Description: Join our community of working artists and immerse yourself in thinking, creating and making. While maintaining a focus on developing your unique artistic vision, you will take classes in the foundations of drawing, painting, printmaking, sculpture and installation. SMFA's interdisciplinary approach to art means that you are encouraged to explore and integrate different media into your art. Our working artists will guide you in this process and advise you on your portfolio. An optional third week following each session gives serious art students extra time for portfolio development.

- **Date:** Session 1: July 9-July 20, optional 3rd week July 23-July 27; Session 2: July 30-August 10, optional 3rd week August 13-August 17
- **Age:** Grades 10-12
- **Application Deadline:** May 1
- **Program Fee:** \$3,200 (weeks 1 and 2), \$1,600 (week 3)

Tufts Summer Session for High Schoolers

Description: Want to take a class or two and get a taste of what it is like to study at Tufts University? Open only to students who can commute to Tufts, this program allows motivated high school students to enroll in up to two Tufts Undergraduate courses or college-level courses designed specifically for high school students. Students can also choose to enroll in Studio Art Workshops or in one of our capstone College Prep Workshops. This program is flexible allowing you to take only the classes you need to meet your summer study objectives.

- **Date:** Options throughout the summer
- **Age:** Entering grades 11-12 (all courses/workshops); entering grades 10 (Studio Art courses & workshops)
- **Application Deadline:** varies by course
- **Program Fee:** per course rate

Harvard Pre-College Program

Description: The Harvard Pre-College Program is an immersive, collaborative, and transformative residential experience. Alongside peers from around the world, you'll thrive in a dynamic and supportive academic environment. Whether you decide to attend for two, four, or six weeks, you'll be introduced to college life as you attend challenging classes, live on campus, and enjoy fun excursions and activities.

- **Date:** Session I, June 24-July 6; Session II, July 8-July 20; Session III, July 22-August 3
- **Age:** Will graduate in 2019 or 2020 and at least 15 years old by December 1, 2017, and will not turn 19 years old before July 31, 2018
- **Application Deadline:** May 7
- **Program Fee:** \$4,650

Harvard Secondary School Program

Description: This is your test-drive of college. At Harvard, you are fully immersed in college life—balancing time between classes, homework, and extracurricular activities. You may choose to enroll in one or two courses. Outside the classroom, you can attend workshops, take trips to nearby colleges, and unwind through activities like intramural sports and musical pursuits. You find a healthy balance of organized events and free time, allowing you the independence you will find in college.

- **Date:** Session I, June 24-July 6; Session II, July 8-July 20; Session III, July 22-August 3
- **Age:** Will graduate in 2018, 2019 or 2020 and at least 15 years old by December 1, 2017, and will not turn 19 years old before July 31, 2018
- **Application Deadline:** May 7th
- **Program Fee:** Online or Commuter, \$3,300-\$6,600; Residential, \$12,500

Berklee Five-Week Summer Performance Program

Description: Berklee's Five-Week Summer Performance Program (Five-Week) is the world's preeminent summer musical performance program. With one-on-one instruction from Berklee's renowned faculty and a curriculum that offers college credit, this immersive program is designed to enhance the playing or singing performance skills of precollege and high school students. You'll learn how to play in a band, develop your improvisational and reading skills, improve your instrumental craft in weekly private lessons, and participate in classes and demonstrations by well-known faculty and visiting artists.

- **Date:** July 7- August 10
- **Age:** 15 years old and older
- **Application Deadline:** May 1
- **Program Fee:** \$9,105

[Boston University Summer Term: Academic Immersion \(AIM\): Intro to Experimental Psychology](#)

Description: Introduction to Experimental Psychology is an innovative, three-week residential program that not only provides students with a broad introduction to the field of psychology, but also gives you the opportunity to learn how to design and execute research projects. In the mornings, participants in AIM's psychology track attend seminars on Boston University's Charles River Campus, engaging in psychology coursework and developing important research skills. You also gain exposure to the career paths available to those majoring in psychology. In the afternoons, you work in teams to design and carry out your own experiments under the supervision of Boston University instructors. You and your team members collect and analyze data in the field as research psychologists typically do. At the end of the three weeks, you present the findings of your experiments to your peers and other members of the BU community.

- **Date:** July 1-July 20
- **Age:** rising Junior or Senior
- **Application Deadline:** Rolling
- **Program Fee:** \$6,250

[Boston University Summer Term: High School Honors](#)

Description: High School Honors is an exciting opportunity for high school students to study alongside Boston University undergraduates, while earning up to 8 college credits in just six weeks. The program offers more than 80 undergraduate courses in a wide range of subjects, from African American studies to writing—and everything in between, including biology, chemistry, economics, mathematics, philosophy, and visual art. Guidance is provided to help students identify subject areas and courses that are appropriately challenging and applicable to their anticipated college major. Outside the

classroom, High School Honors students interact with a vibrant community from all over the country and world. Whether they live on campus or commute from home, students will participate in social activities both at Boston University and throughout the Boston area.

- **Date:** July 1- August 10
- **Age:** rising Junior or Senior
- **Application Deadline:** June 1
- **Program Fee:** \$5490+

[Boston Architectural College Summer Academy](#)

Description: Summer Academy has been introducing high school students to the fields of architecture and spatial design since 1973. Are you considering a career in architecture or design? Are you working on your portfolio for college admission? Or are you simply curious about design? The Summer Academy at The Boston Architectural College offers an opportunity to study design with a hands-on approach and with no previous design experience required. Summer Academy students experiment with materials, build structures, test professional design software, visit professional firms, and explore buildings like libraries and museums in Boston.

- **Date:** July 9- August 3
- **Age:** Grades 9-12
- **Application Deadline:** Rolling
- **Program Fee:** \$1500

NYU Precollege

Description: NYU Precollege offers rising high school juniors and seniors the opportunity to experience academic and student life at New York University. This academically rigorous program places high school students in six-week, intensive, college-level courses with current college students and allows them to gain academic credit, which may be applied to a future degree.

- **Date:** Mini Term 1: June 25- July 6; Mini Term 2: July 9 July 20; Mini Term 3: July 23- August 3
- **Age:** High School Sophomores and Juniors
- **Application Deadline:** July 1 (commuters)
- **Program Fee:** \$5,099+ (3 credits, see website for more information)

Summer Immersion: New York City (3-Week) *commuter only

Description: Like any extracurricular activity, participation in this program can help you to present yourself as an interesting candidate. Additionally, the instructor-written evaluations that you receive upon completion of the program can potentially be used as college recommendations.

- **Date:** Session 1: June 25- July 13; Session 2: July 17- August 3
- **Age:** rising 9th -12th grade or rising college freshman (commuter)
- **Application Deadline:** Rolling, ASAP
- **Program Fee:** \$5,600 per session (commuter)

Summer Immersion: New York City (1-Week)

Description: Take one curricular option for an in-depth examination of a specific subject area. Like any extracurricular activity, participation in this program can help you to present yourself as an interesting candidate. Additionally, the instructor-written evaluations that you receive upon completion of the program can potentially be used as college recommendations.

- **Date:** August 6- 10
- **Age:** rising 9th -12th grade or rising college freshman (commuter)
- **Application Deadline:** May 31
- **Program Fee:** \$2, 290 per session (commuter), \$4,682 per session (residential)

Pre-College Program

Description: Earn college credit. Unlike other programs hosted for high school students on college campuses, courses offered to Fordham Pre-College students are part of the regular summer curriculum. That means you will complete college-level coursework and earn credits while sharing the classroom with current undergraduates and Fordham faculty.

- **Date:** July 5- August 6
- **Age:** rising seniors, rising juniors with special consideration
- **Application Deadline:** June 12
- **Program Fee:** \$2,700+

**Fashion Institute
of Technology**

High School Summer Live

Description: Classes represent specific FIT majors and are very popular among students preparing for art and design colleges. Summer Live courses are taught by FIT professionals who love what they do and love to share their experiences and talents even more! Discover the industries FIT serves while you experience FIT's campus and community culture. Create competitive portfolio pieces, explore our majors, sample college life, and develop lasting friendships with classmates who share your passions.

- **Date:** 11 sessions over July 10-26
- **Age:** rising freshman, sophomores, juniors, seniors
- **Application Deadline:** June 8
- **Program Fee:** \$380 (one course) or \$745 (two courses)

Yale

Pre-College Summer Session

Description: Yale Summer Session seeks motivated high school students who wish to enroll in Yale College courses for credit. In for-credit courses, qualified high school students will share the classroom with college students and will do college-level work. All participants will be held to the same set of standards. Pre-college students living on campus are required to be full-time students; they must take two course credits (the equivalent of eight semester hours) per session. No pre-college student may take more than two courses per session. A minimum of one of these courses must be taken in residence. Pre-college students are not eligible to participate in or take any portion of a Yale Summer Session Study Abroad course. Some courses are not open to pre-college students; please refer to the individual course descriptions for additional information.

- **Date:** 11 sessions over July 10-26
- **Age:** current juniors, seniors
- **Application Deadline:** May 7 (Session A); June 11 (Session B)
- **Program Fee:** \$4,050+

Summer@Brown

Description: Each summer, serious students choose Summer@Brown to prepare for college success, and meet the challenges of Ivy League academics. Living and learning on Brown's magnificent campus, students experience the independence and responsibility of college life, as they make new friends from around the world - nearly all 50 states and 74 countries. Summer@Brown offers more than 200 courses that reflect the wide range of Brown University's "open" curriculum - providing students the skills necessary for success in college and guiding them in their exploration of potential majors. Without the pressure of formal grades and credit, students can immerse themselves in subjects they choose and experience the satisfying challenges of college-level academics. Outside of class, students participate in a rich program of events and activities. Days and nights on Brown's lively summer campus are filled with workshops, activities and events that help you make friends and prepare for college life.

- **Date:** June 17- August 3 (multiple 1-4 week sessions)
- **Age:** current 9-12 graders, ages 15-18 by June 2018
- **Application Deadline:** Rolling
- **Program Fee:** varies, see website

Leadership Institute

Description: It's easy to feel overwhelmed by the problems facing our global community. At this moment youth like you from all over the world are contemplating their futures with a mix of excitement and skepticism, pondering what role they can have in building the world they want to live in. The Brown Leadership Institute believes that young people are already making powerful contributions to their communities and, through participation in this program, no matter your current level of engagement, you can increase your ability to advance social justice. To prepare young people to create positive change, this innovative program integrates three foundational components: study of a compelling academic topic, exploration of socially responsible leadership, and development of a meaningful action plan.

- **Date:** 2 week sessions: June 24-July 6; July 8-July 20; July 22-Aug 3

- **Age:** current 9-12 graders, ages 15-18 by June 2018
- **Application Deadline:** Rolling
- **Program Fee:** \$4,391

Pre-Baccalaureate Program

Description: During this seven-week summer session, students study alongside Brown undergraduates, in courses from Brown's first-year undergraduate curriculum. Subjects span the natural sciences and mathematics, the social sciences, the humanities, and the fine and performing arts. All courses are equivalent to semester-long offerings, compressed into an intense 7-week-long summer schedule. Classes are typically small, facilitating close collaboration between students and instructors. Classes meet approximately 8 hours per week, and require at least as much work outside the classroom.

- **Date:** June 24- August 10
- **Age:** rising or recently graduated high school seniors
- **Application Deadline:** Rolling
- **Program Fee:** \$4,046+ (commuter), \$11,967 (residential)

Pre-College Online Courses

Description: Pre-College Online courses at Brown are rigorous, active learning experiences, designed and led by innovative and dedicated Brown instructors. Explore challenging subjects through coursework designed to inspire curiosity and discovery, engage in intellectual discussion, and connect with students from around the world – enthusiastic, creative, accomplished students like you.

- **Date:** June 24- August 10
- **Age:** high school students
- **Application Deadline:** Rolling
- **Program Fee:** \$885+

Drexel Materials Science and Engineering Summer Institute

Description: This program will give aspiring scientists and engineers the chance to learn about how atomic elements arrange themselves to form the materials that are all around us. Furthermore, the Summer Institute will emphasize how variables in processing of materials determine physical, mechanical, electrical and thermal properties. Through hands-on science and engineering activities, students will gain an understanding of how materials impact the fields of energy, biotechnology and electronics. Sustainability and nanotechnology will be a theme woven through all of the modules. The learning environment will include work in the Innovation Studio, a materials science and engineering laboratory, and the Centralized Research Facility with includes advanced microscopy equipment. The week will culminate with presentations in which students will discuss their results from group projects.

- **Date:** July 16– July 20, July 23– July 27, August 6- August 10
- **Age:** Rising Juniors and Seniors
- **Application Deadline:** June 1
- **Program Fee:** \$795 + additional if staying on campus (see website)

Drexel Discovering Architecture

Description: For two intensive weeks, while living on campus at Drexel University, you'll experience what it's like to study architecture in college. You'll attend classes taught by Drexel Architecture faculty members in studios and computer labs used by Drexel architecture students. You'll go on field trips to significant architectural sites in Philadelphia, hear lectures by distinguished speakers, and, working closely with an instructor, you'll try your hand at architectural design.

- **Date:** July 8- July 21
- **Age:** Rising Juniors and Seniors, 16+
- **Application Deadline:** Rolling
- **Program Fee:** \$3,200

Penn Summer Pre-College Program

Description: The Pre-College Program is designed for academically curious high school students interested in the intellectual challenge and residential freedom of a true undergraduate experience. Pre-College students reside in campus dorms and enroll in summer courses alongside Penn undergraduates. Our program offers undergraduate courses in a wide array of disciplines taught by Penn faculty, staff and visiting scholars. Academic advising, access to university learning resources and college admission workshops are also provided.

- **Date:** June 26- August 4
- **Age:** Current 10th-11th grade students
- **Application Deadline:** May 1
- **Program Fee:** \$11,499+

Penn Summer Prep Program

Description: The Penn Summer Prep Program allows ambitious students to enroll in two undergraduate-level modules from across disciplines while benefiting from the rich educational resources of the University. Students can also experience college life on Penn's historic campus and explore the vibrant city of Philadelphia.

- **Date:** Session A, July 9- July 21; Session B, July 23- August 4
- **Age:** Current 9th- 11th grade students
- **Application Deadline:** May 1
- **Program Fee:** \$4,299 (residential), \$3,099 (day student)

Summer Academies

Description: Academies are subject-intensive three-week programs that fuse sophisticated scientific or social theory with relevant application. The science academies draw upon Penn's cutting-edge technology and resources to provide innovative lab experiences while the social academies draw upon the rich history and diversity of Philadelphia to provide a sociologically comprehensive summer experience.

- **Date:** July 1- July 21
- **Age:** Current 9th- 11th grade students
- **Application Deadline:** May 1
- **Program Fee:** \$8,199+ (residential), \$6,999+ (day student)

Young Scholars Program (commuter only)

Description: The Young Scholars Program is designed for ambitious Philadelphia area students interested in the intellectual challenge and rigorous pace of a true undergraduate experience. Young Scholars commute to Penn's campus to attend summer courses within one of our two summer sessions. Young Scholars attend classes alongside Penn undergraduates and are evaluated by the same academic standards and procedures as regular Penn students. All students have access to our outstanding academic resources, including libraries, university learning resources, college admission workshops and a Penn-appointed academic advisor. Young Scholars can pursue their favorite discipline beyond the level offered in secondary schools, get ahead on their college applications or explore a brand new field that interests them.

- **Date:** Session 1, May 21- June 27; Session 2, June 28 – August 3
- **Age:** Current 10th- 11th grade students
- **Application Deadline:** Session 1, May 1; Session 2, June 1
- **Program Fee:** \$4,244+

Pre-College Students: Summer University

Description: The Johns Hopkins Summer University Program offers qualified students the opportunity to take freshman- and sophomore-level credit classes in arts and sciences and engineering. The program lasts 5 weeks and residential students must be full-time students and enroll in two classes, for up to seven credits. Commuter students may register part-time (one class) or take the full two-course load. With over 100 courses being offered this summer, your schedule is about choice. Select courses in your desired college major or diversify your interests by selecting a new language or humanities class. Regardless of your choice of courses, Hopkins' Summer University Program connects you with great minds. You have the opportunity to engage in discussions and study with academically talented students and Hopkins' own distinguished faculty.

- **Date:** Term 1: May 29- Jun 29; Term 2: July 2 – August 3
- **Age:** Must be 16 by June 30, 2018
- **Application Deadline:** Rolling
- **Program Fee:** \$5,620+

Pre-College Students: Mini-Term

Description: Mini-Term offers the benefits of the Summer University program with the courses condensed into two intensive weeks. Each student can earn a total of two university credits during each term.

- **Date:** Mini Term 1: June 25- July 6; Mini Term 2: July 9 July 20; Mini Term 3: July 23- August 3
- **Age:** Must be 16 by June 30, 2018
- **Application Deadline:** Rolling
- **Program Fee:** \$3600+
