

# The Managed Service Provider Selection Worksheet

Finding the right Managed Service Provider for your business is a big task. With many providers that appear to offer the same services, determining the best one for you isn't always easy. The truth is that while everyone may be talking about the same tools and solutions, there are a lot of differences when it comes to how each delivers service.

**If you're in the process of choosing a provider, use the following worksheet to help you determine whether or not each company lines up with your needs.**
