

ADS and Change Healthcare: Proven Automation and Technology, Combined

Thousands of physicians and system operators nationally, as well as so many medical RCM companies rely on their Medics solutions from ADS to perform almost **50 million** EDI transactions annually.

Those transactions include:

- claims to thousands of payers
- automated ERA / EOB postings
- eligibility verifications
- real-time claim tracking and denial management

These, and the offsite production of patient statements and digital e-statements, are all effortlessly facilitated through our Medics systems by Change Healthcare, one of the largest independent healthcare technology companies in the US.

ADS' collaboration with Change Healthcare actually began over twenty five years ago with their predecessors, NEIC™ and then Emdeon™.

Today, with greatly expanded features, capabilities, reach, and with its **15,000 team members**, Change Healthcare:

- has **2,100 payer connections** reaching nearly all US government and commercial payers
- serves **5,500 hospitals** and over **800,000 physicians** helping health system leaders achieve strategic objectives
- processes over **12 billion** healthcare-related transactions covering over **\$2 trillion in claims**, touching one in five US patient records in fiscal year 2016 via the Change Healthcare Intelligent Healthcare Network™

Clients of ADS enjoy tremendous **time saving** and **revenue producing** benefits in having their cloud-based or customer-hosted Medics systems tightly integrated with Change Healthcare's array of EDI features and capabilities.

In fact, ADS' own **MedicsRCM™** relies on Change Healthcare for our RCM clients' EDI transactions!
