The Green Process

Statement of Sustainability Commitment

Forbes Industries recognizes our responsibility to operate in a manner that protects and improves the environment now and for future generations. We know that the long-term well-being of our employees and society, as well as the continued success of our own business depend on our commitment to operating in a sustainable manner.

For many years Forbes Industries has conducted business and executed our operational strategy with environmental concern as a guiding corporate principal. With this document, we are elevating the principal of sustainability to a core corporate principal and incorporating it as an integral part of our business agenda. We are confirming our commitment to integrate environmentally friendly policies and practices into our organization by operating in a manner that supports conservation of materials and energy and waste reduction throughout our supply chain.

Our sustainability program has three key elements:

- *Our commitment to improve the sustainability impacts of our own activities.*
- *Our commitment to provide our employees with an environmentally conscious workplace.*
- *Our commitment to provide our customers with products that help them achieve their sustainability goals.*

Forbes Industries will continue to strive to develop and implement environmentally responsible business practices throughout our organization. We actively encourage our employees to partner with us by supporting and furthering our sustainability efforts.

Luggage Carts & Bellman's Equipment

BIRDCAGE | SPECIALTY | ECONOMY | SELF-SERVICE | BELLMAN'S HANDTRUCKS

BIRDCAGE[®] LUGGAGE CARTS

Forbes' signature Birdcage[®] Luggage Cart design is often imitated but never duplicated. It is recognized as a symbol of excellence in upscale accommodations worldwide. With many styles to choose from, it sets the standard for aesthetics and functionality when it comes to high end luggage carts. All Birdcage[®] Luggage Carts feature casters mounted to a steel reinforced carpeted deck with a full wrap-around bumper to protect your quality investment.

ALUMUNIQUE CARTS

INROOM Series

INROOM HOUSEKEEPING CARTS

Cluttered corridors? Dirty linens on display to the public? These are things of the past with the new Forbes InRoom Housekeeping Carts. Our unique InRoom carts are designed to allow housekeepers to easily navigate their supplies out of hallways and into guest rooms, effectively decreasing corridor clutter, pilferage, and worker's compensation claims while increasing safety, efficiency, and ROI.

Learn more at:

www.forbesindustries.com/inroom

Time is money: Immediate ROI

Protecting your employees from straining and injuring themselves while pushing around a cart that weighs twice what they do is an **ROI** that pays dividends far into the **future**. The Forbes InRoom carts are shorter in length than traditional carts and are available in molded plastic, **greatly reducing** their overall **size** and **weight**. Protecting your walls, door jambs and furniture from damage is an **ROI** you can **realize immediately**. The four revolving corner bumpers and full perimeter fixed vinyl bumper provide **dual protection** for your **walls, entryways, furniture, and fixtures**.

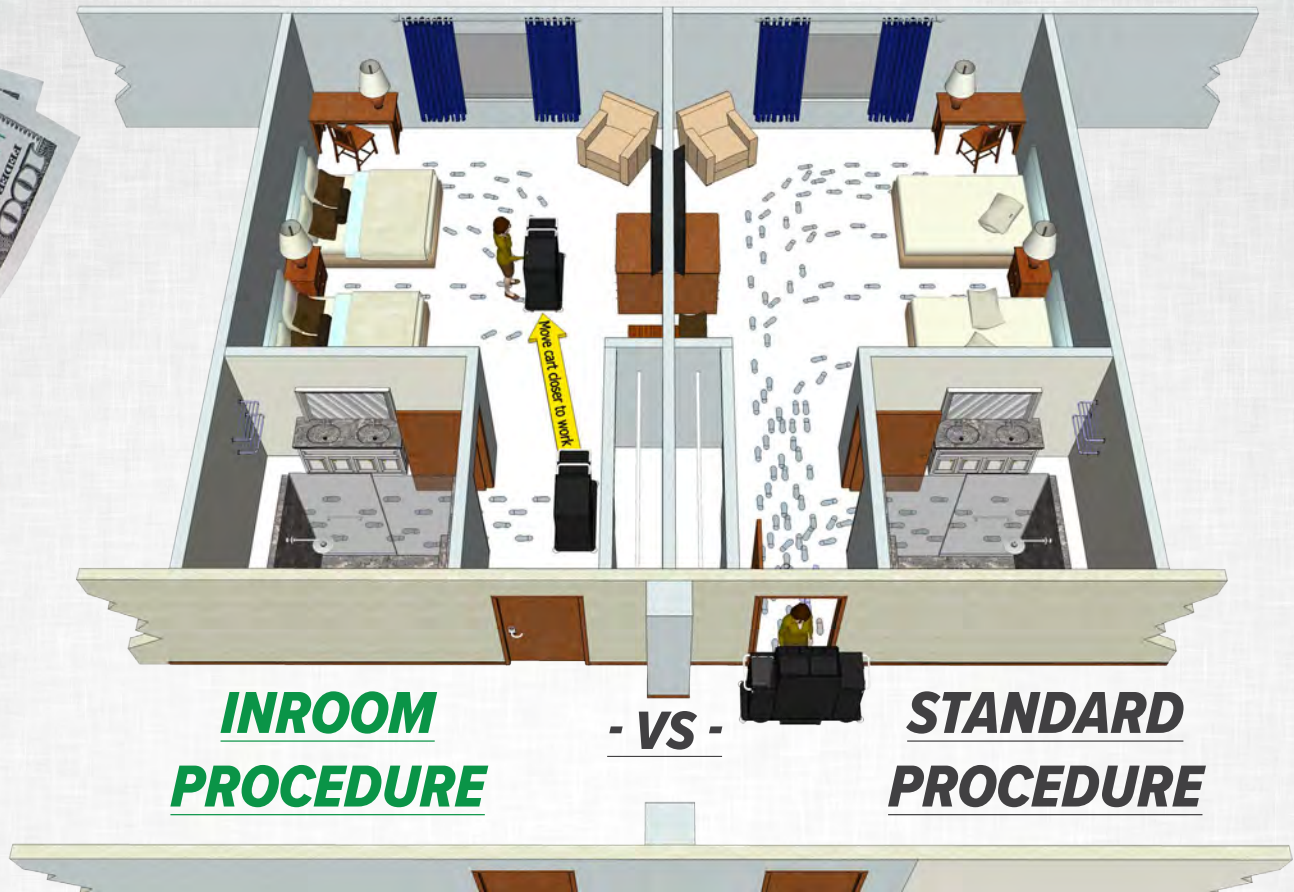

Clear hallways = Satisfied guests

Forbes' new In-Room Housekeeping Carts virtually **eliminate guest exposure** to used linens, cleaning supplies, and unsanitary conditions. Guests will greatly appreciate the **clean corridors**, free of housekeeping carts and operations. This will result in an enhanced guest experience which can lead to more **guest referrals** through Internet reviews and social media channels, and more **repeat guests** in the future.

FOOT TRAFFIC COMPARISON

INROOM
PROCEDURE

- VS -

STANDARD
PROCEDURE

Safety, Security, & Efficiency

By bringing the cart closer to the work area, we have helped **reduce worker fatigue** and **worker's compensation claims**. It just makes sense to keep the tools for the job near at hand so that one is not wasting time and energy trekking back and forth. With the **carts in the room** and the door locked, guest's valuables are **secure** and the housekeeper is **safe**. This will also reduce, if not **eliminate**, **pilferage** of items from the cart by passing guests and employees.

Luggage Racks

STEEL | WOOD

STEEL LUGGAGE RACKS

Constructed of durable steel or tube, these racks are offered in several sizes, with or without bumpered back bar, and are available in six standard finishes. Stainless steel models come standard with a brushed finish.

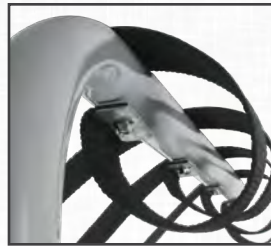

Crimped and formed ends. No protruding tube ends to gouge walls.

Bumpered back bar to protect walls.

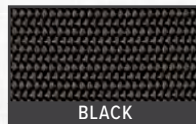

Strap ends have galvanized steel clips that are crimped, glued and attached with screws to the steel tube.

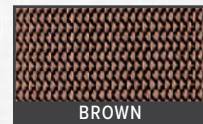

Steel rivets at pivot points provide a more durable connection than other types of hardware.

WOOD LUGGAGE RACKS

Forbes wood luggage racks are available with straight or contoured legs and offer an upscale choice that accommodates a wide variety of decors.

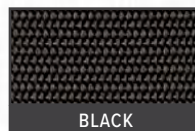

The combination of compression resistant hardwood, steel rivets at pivot points, and lower cross braces provide a more durable rack able to handle heavy loads.

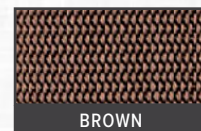

Bumpered back bar protects walls.

Established 1919

Forbes Industries is a U.S. based manufacturer with over 90 years of experience in the design and manufacturing of mobile carts and static products. Most products are manufactured in our state of the art facility in California and ships worldwide. We apply our core values to every product produced: engineered with safety, durability, functionality and attractive appearance.

A leading manufacturer of Hospitality, Food & Beverage Products and Audio-Visual Furniture, Forbes stands by a philosophy that blends an uncompromising commitment to quality and excellence with a dedication to technological advancement and innovation.

Hospitality product range includes: Luggage & Housekeeping Carts, Linen and Laundry Carts, Janitorial Carts, Luggage Racks, Buffet Systems, Lecterns, Mobile Bars, Room Service Tables & Hot Boxes, Signage, Service Carts, Public Guidance Systems, Cooking Carts, Induction Tables, Tray Stands, Easels and Flip Charts, Dance Floors and Staging.

Forbes utilizes high quality materials such as steel, stainless steel, plastic, wood, brass, acrylic and glass, incorporating quality & value through innovative techniques in every model.
