

FOOD & BEVERAGE SOLUTIONS VOLUME III

# Food & Beverage Professionals

Food and beverage operations increasingly want products that fit their locale. Forbes' aim is to provide solutions that look right at home, whether home is the Vegas strip, downtown Austin, or a resort in Miami. Every Forbes product is made to order. A multitude of color and finish options make it easy for customers to design something unique.

MULTI-FUNCTIONAL SOLUTIONS The "back of house" in hotels is getting smaller. Multi-functional products from Forbes help hoteliers perform more with less. SUSTAINABILITY

Located in Ontario, California, Forbes operates under the strictest environmental regulations in the world. Forbes helps customers meet their sustainability goals through the use of durable and recyclable materials, environmentally safe coatings and long-lasting products.

# Mobile Bars & Back Bars

# FRONT BAR & BACK BAR COMBINATION SETS | LUXE LED BARS FRONT BARS | THE MYSTIQUE BAR | BACK BARS | ETAGERES | COMPANION CARTS

# **MOBILE BARS - STANDARD FEATURES**

Forbes' Mobile Bars are available in solid wood, wood veneer or HPL finishes. Most are certified by ETL to meet NSF Standard 2 and include a stainless steel work counter, an insulated sink with drain, speed rails and sections for glass racks and storage. These bars are built to be durable and functional, yet attractive with many available accessories.

- 2) Interior is finished in High Pressure Laminate
- 3) Wood veneer and solid wood molding are sanded
- 4) Water-based, low-VOC stain is applied
- 5) Solvent-based sealant is applied
- 6) Final sanding
- 7) Varnish is applied

Casters are mounted to an 11 gauge steel reinforcement plate that spans the width of the base. Plates are drilled and tapped for easy caster replacement.

#### BACK BARS | FOOD DISPLAYS | LITERATURE STANDS | ACCENT PIECES

# ROLLING DISPLAYS

#### **VERSATILE PRODUCT LINE**

Rolling Display Towers are suitable for use as a food display, back bar, literature stand, accent piece, or anything in between.

#### **BUILT-IN MOBILITY**

Each Rolling Display Tower is completely mobile and comes equipped with swivel casters and brakes to allow for effortless mobility as well as the ability to lock into place.

#### VARIETY OF STYLES

Ranging from classic contemporary to modern mid-century, there's sure to be a line of Rolling Display Towers to complement your decor and style. **PRECISE ENGINEERING** 

Countless hours were spent meticulously engineering and vigorously testing each rolling display design to ensure that you get the most out of your investment.

#### **QUALITY CRAFTSMANSHIP**

We use state of the art equipment alongside traditional handcrafted construction processes to ensure exceptional durability and provide a product that's built to last.

#### **MULTIPLE PRICE POINTS**

Choice matters. Each design is offered at multiple price points to ensure you get the tower you like at the price point that satisfies your budgetary needs. **SEVERAL FINISH OPTIONS** 

Not only does Forbes emphasize keeping up with market trends, we are now in the business of setting them. With dozens of newly added finish options to choose from, we are confident that we have the perfect combination for you.

## RUSTICA 🛟

In an age where smart phones and flying drones are commonplace, sometimes it's nice to take a step back to a simpler time. Rustic decor has made a full comeback proving that everything comes full circle. Inspired by the popularity of Forbes' Rustica Nesting Table Series, the four tiered Rustica Rolling Display Tower is the perfect companion to compliment your set. It still boasts our specially sourced vintage style casters and three different shelf style options to suite your needs. Take a step back from the virtual and a step towards the authentic with the Rustica Rolling Display.

## **ROLLING DISPLAYS**

## EUCLID

As described by Euclid, the father of geometry, an isosceles triangle is one having exactly two equal sides. While in the early part of the design process of this line, we felt that this concept deserved some deeper investigation. The beauty of this simplistic shape is the complexity of possible configurations that are born when combining two or more units. Another advantage to its unconventional shape is its ability to nestle into corners. Personalize your look with several shelf options ranging from clear or smoked gray tempered glass to our plethora of Trend stone/glass options. Give your venue a touch of class with the Euclid Rolling Display Tower.

## 🛟 THE QUAD

The simple and well-balanced design of The Quad Rolling Display Tower is the epitome of the maxim, "less is more." Its minimalistic design, paired with numerous finish options, is ready to seamlessly accent any decor. The illusion of floating shelves helps to create the feeling of added space while making everything displayed on it more accessible. Whether you intend to use it as a food display, back bar, or anything in between, the four long shelves provide ample space for you to customize arrangements for any event.

## **ROLLING DISPLAYS**

## FOSS

Based on the popularity of the Foss Nesting Tables, Forbes was inspired to create a companion Rolling Display Tower to complement the set. Complete with the same stylish waterfall edges and robust 1.5" steel tube frame, the Foss Rolling Display Tower features adjustable shelving which allows you to customize the shelf heights based on your needs. The compact footprint and vertical display area combine to make the Foss a great solution for smaller areas. Add the finishing touches to your decor with the Foss Rolling Display Tower.

## ARCHER

Mid-Century style gets a modern twist with the timeless Archer Rolling Display Tower. It's easy to become enamored with the sleek curved frame contrasted by the dramatic illusion of floating glass shelves. Tempered glass shelves suspended by high strength stainless steel tension cables provide a fresh look that is dramatically different than anything on the market today. Our Elite model adds the "icing on the cake" with your choice of a brass or stainless steel finished perforated metal backer for a little added style. This truly unique piece epitomizes contemporary luxury and demands attention.

## **ROLLING DISPLAYS**

## THE CLASSIC 🛟

Classic rock, Classic cars, Classic Etageres. Classics are the originators of themes, genres, or styles and are generally recognized for serving as standards of excellence. They are not born as "classics" per se; they usually have a unique, timeless, or lasting quality about them that earns them that title. This Etagere has been one of our customer's favorites since its introduction back in '67. It could be described with adjectives like "simple," "clean," and "timeless." But we think the one that describes it perfectly is "Classic".

## MANHATTAN 🛟

With a mobile shelving design like no other, the Manhattan Rolling Display functions as impressively as it looks. The slat wall design echoes the architectural beauty of the high-rises that paint the Manhattan skyline. Combine this with the versatility and strength of reinforced aluminum inserts for adjustable shelving and you get the Manhattan Rolling Display. This truly unique piece, complemented by its cunning functionality, evokes an urban appeal that is reminiscent of the city that never sleeps.

# **Action Stations**

### APPETIZERS | ENTREES | CARVING STATIONS | SALADS | SUSHI STATIONS OMELET STATIONS | DRINK STATIONS | DESSERT BAR AND MORE...

One of the latest trends in weddings, company parties, and beyond are Action Stations. Gone are the days of simply serving guests in a formal setting. Now, venues in the know are putting much more emphasis on the term "Guest Experience." Forbes has been paying attention. The term Action Station means just that, preparing food in a unique presentation that provides a show and creates a more personal dining experience for the guest. We are proud to present the most sophisticated line of Action Stations on the market. Are you ready to take your events to the next level?

### **Smart Countertop Options**

Knowing that Actions Station countertops will sustain a decent amount of abuse, the Forbes Product Development Team put a lot of emphasis on selecting the right countertop substrate options for the job. Through vigorous testing processes, we were able to source three amazing countertop options. Each of the three substrates were specifically chosen due to their extreme resistance to scratches and scuffs, thus ensuring your Action Stations stick around for a while.

#### **Elite - Recycled Glass**

#### **Executive - Avonite (Repairable Satin Finish)**

#### **Essentials - Scratch Resistant HD HPL**

#### Features • Advantages • Benefits

Our Elite line features an environmentally friendly, extremely durable, low maintenance countertop option. Its non-porous surface is scratch, heat, and stain resistant making it the ideal choice for long-term cost savings on maintenance while providing the upscale look you demand.

#### Features • Advantages • Benefits

Our Executive line features any of our standard Avonite selections in a satin finish. The beauty to having the satin finish is that scratches and scuffs and can be easily repaired. Countertops can be transformed back to new with minimal time and effort. This ensures your investment has a long life and provides a maximum ROI.

#### Features • Advantages • Benefits

Our Essentials line features specially sourced HD Laminate countertops. They have been proven to outperform competing laminates with similar finishes on wear, scratch, and scuff resistance. Testing revealed that they have up to 5X more resistance to scuffs & scratches and up to 3X more resistance to daily wear.

#### **Multiple Price Points**

Each design is offered at multiple price points to ensure you get the Action Station you desire at a price point that fits your budgetary requirements.

#### **Space Saving and Mobility**

Our Action Stations are beautifully designed pieces of furniture that are intended to be stored in plain sight. When ready for use, simply roll them to the party and you're ready to go.

#### **Fewer Parts to Lose**

Our competitors try to sell swappable cooking units that are integrated into the countertops. This is a great concept until one gets lost or misplaced rendering the entire station unusable. Our research has shown that most properties already have all of the cooking units they need. Why buy more?

#### **Cable Management**

Is your current cable management system Duct Tape? Each Action Station comes equipped with a customizable cable management system so that you can stop wasting money on ugly tape jobs.

#### **Built to Last**

Vigorous engineering and unmatched durability provide a product that's built to last, increasing your ROI. \*Accessories are available. Please call for more details.

TRAY STANDS

Steel Tray Stand Construction

- Heavy gauge steel tube
- Steel rivets and nylon spacers are used at pivot points
- Metal clips are glued and crimped on strap ends
- Available in four finishes

**Oak Tray Stand Construction** 

This design reduces fraying of strap ends, secures straps to rack more effectively and hides the hardware.

 All oak stands are equipped with two horizontal cross braces near the bottom of the legs

- Brass plated steel rivets and nylon spacers are used at the pivot points
- Strap ends are folded over and pneumatically attached with 1/2" long heavy-duty construction staples
- All Forbes oak tray stands go through a six step high quality, furniture-grade finishing process

# **Podiums & Host Stations**

WOOD PODIUMS I LAMINATE PODIUMS I ACRYLIC PODIUMS I HOST & VALET STATIONS

Forbes Podiums and Host Stations are artfully hand-crafted using high quality hardwoods and finished in beautiful wood veneers or laminates. Most models are equipped with two 4" wheels for ease of maneuverability and two open compartments in back. Several models can be modified to accommodate an LCD screen or other optional accessories such as sound systems, clock/timers, electric height lifts and customized logos to name only a few. Custom designs and finishes are available. Call for more information.

## **Mobile Partitions**

#### DIVIDE A ROOM I GUIDE A CROWD I CONCEAL "BACK OF THE HOUSE"

M O B I L E PARTITIONS

#### WHY MOBILE PARTITIONS?

Whether you are looking to divide a room, guide a crowd to the bar, or enhance the guest experience by shielding their view of the "back of the house," the new line of MOBILE PARTITIONS from Forbes Industries has the solution for you. Our Mobile Partitions provide an upscale, yet discrete look to keep your highly valued guest's attention off of the unsightly yet necessary day-to-day operations that keep your property running. Each unit either comes equipped with casters or has a specially designed transport/storage cart available to provide ease of mobility and cut down on worker's comp claims from heavy lifting. Forbes is proud to offer five unique styles at three different price points each to ensure you get the Mobile Partition you want that satisfies your property's budgetary needs. What will you use your partitions for?

# Mobile Stages

#### MOBILE STAGES | RAMPS | STAIRS | GUARD RAILS | SKIRTING

### **MOBILE STAGES**

Over-center locking mechanism keeps legs locked into place during transport.

Forbes'
 Dual-Height
 Mobile Staging System
 offers all of the advantages
 of a mobile folding stage, plus the
 added simplicity and speed of built-in height
 adjustability.

• Our light-weight yet durable stages are designed to be set-up and taken down by only two people resulting in considerable savings in time and labor costs.

• Available in two sizes (6'x8' and 4'x8'), our stages are ideal for head table risers, performance stages, fashion

Each section of a Forbes Mobile Stage rolls freely on its own four casters. No heavy sections to lift and carry, no storage caddies necessary. runways, speaker's platforms and theater-in-the-round performances. • All necessary accessories are also available: step units, ADA ramps, guard rails, chair/table stops and stage skirting. See page 87 for accessory options.

## **Established 1919**

Forbes Industries is a U.S. based manufacturer with over 100 years of experience in the design and manufacturing of mobile carts and static products. All products are manufactured in our state of the art facility in California and ship worldwide. We apply our core values to every product produced: engineered with safety, durability, functionality and attractive appearance.

A leading manufacturer of Hospitality and Food & Beverage Products, Forbes stands by a philosophy that blends an uncompromising commitment to quality and excellence with a dedication to technological advancement and innovation.

Hospitality product range includes: Luggage & Housekeeping Carts, Linen and Laundry Carts, Janitorial Carts, Luggage Racks, Action Stations, Nesting Tables, Rolling Displays, Mobile Partitions, Buffet Systems, Podiums, Mobile Bars, In-Room Dining Tables & Hot Boxes, Signage, Service Carts, Public Guidance Systems, Cooking Carts, Induction Tables, Tray Stands, Easels and Flip Charts, Dance Floors and Staging.

Forbes utilizes high quality materials such as steel, stainless steel, plastic, wood, brass, acrylic and glass, incorporating quality & value through innovative techniques in every model.
