

# PRACTICAL SOLUTIONS FOR SOCIAL DISTANCING

As we transition back to social environments, a top priority for restaurants and businesses is to follow social distancing guidelines that make their customers and staff feel comfortable in social settings; whether it be enjoying a meal or taking a break at the office. Wabash Valley provides the right site amenity solutions and products to help you maximize the space available while following social distancing protocol.

With new social distancing rules in place, outdoor spaces have become very attractive alternatives for dining options or employee break areas. Wabash Valley can help transform an outdoor space into a comfortable setting with a variety of tables, chairs, and shade options to help implement appropriate social distancing guidelines, while still maintaining a social setting people can enjoy.

## SULLIVAN COLLECTION

### Features and Benefits:

- Offers a sensible seating solution for the cost-conscious business
- Simple, slim lines are designed to complement any outdoor space
- Tables are available in multiple sizes and configurations in round, square & rectangle
- Dining Chairs are constructed with steel mesh seats and steel tubing framework
- Tables and chairs are coated in our AAMA2604-05 compliant powder-coating
- Stackable for easy storage

## SULLIVAN Tables & Chairs

Wabash Valley offers a variety of tables, chairs, and shade options to help implement appropriate social distancing, while still maintaining a comfortable social setting people can enjoy.

**GREEN VALLEY COLLECTION**

**Features and Benefits:**

- Environmentally friendly tables and chairs
- Constructed with plastic lumber custom-extruded from recycled plastics
- No wood fibers, so they retain their vibrant look for years
- No need for waterproofing, staining, or maintenance besides washing with soap and water

**HIP SHADE STRUCTURE & SINGLE POST PYRAMID CANTILEVER - USA SHADE**

**Features and Benefits:**

- One of our most cost-effective and versatile designs, Hip structures are available in sizes from 120 to 1,600 square feet and can be joined to create even larger shaded spaces.
- Our Single Post Pyramid Cantilever structures can provide almost 200 square feet of shade from a single column.
