

FAST TRACK TO IT FINANCIAL MANAGEMENT MATURITY

Reaching ITFM maturity is about more than choosing the right tool. You must use the tool effectively to drive business decisions across the organization. And that's where we come in—our team aligns with yours to successfully manage the process.

PLATFORM SELECTION

Guidance to select the right platform for your organization.

PLATFORM IMPLEMENTATION

Design & implement your platform to match industry best practices.

CHANGE MANAGEMENT

Prepare stakeholders by alerting them who will be affected by the changes.

BASIC ITFM TRAINING

Training to help your team analyze data and deliver clear reports.

MANAGED SERVICE

Our experts support you to produce valuable reports for optimal business outcomes.

ADOPT A NEW TOOL AND TRANSITION SMOOTHLY...

Our ITFM practitioners implement your tool and turn it into a *solution*. We assure your implementation is designed to follow industry best practices, ensuring successful delivery of data retrieval and analysis. We prepare your team for imminent changes, helping them adapt quickly.

Our professional services team integrates alongside yours to assist in operationalizing your practice. We'll get you up and running, quickly, because you don't have time to wait.

...OR GET MORE OUT OF YOUR EXISTING PLATFORM.

Have you already invested in a software solution but aren't seeing clear value? Let us perform a health check and provide guidance to value realization.

The biggest benefit that we get out of ITFM is the trust between us and our customers.

Derek Shaw

Senior Director of IT Operations at Land O'Lakes

WE ARE
YOUR AGENT OF CHANGE

There's more to IT Financial Management than software. It takes expertise and skill to execute the tool's offerings properly so that you derive the value from the tool you expect. And we're the experts.

Proven IT Finance has the advantage of being the only company in the world with a combined 40 years of expertise in ITFM tools ServiceNow, Apptio, Nicus, and Digital Fuel.

LAND O'LAKE'S:
FROM PLATFORM SWITCH TO ITFM MATURITY

We helped Land O'Lakes enable more informed decision-making around IT investments based on trusted data and flexible scenario analyses. Using our extensive experience with their chosen software, we helped Land O'Lakes achieve:

STREAMLINED DATA INTEGRATION

IMPROVED ALLOCATION ACCURACY

INCREASED COST-EFFECTIVENESS

MORE ROBUST COST-MODELING

In addition to Land O'Lakes, some of our Professional Services clients include:

QUALCOMM®

Northeastern
University

ADT/LEM
GLOBAL EDUCATION

xerox 

The Auto
Club Group

Bristol-Myers Squibb

 Erie
Insurance*

SUNTRUST

 PayPal

READY TO GET
VALUE FROM YOUR DATA?

Articulating the true value of IT is difficult when you don't – and sometimes even when you do – have the proper tools. If you want to start making better technology investment decisions, that's where we come in.

Kick start your path to discovering the true value of IT and set up a call with us today.
