Broker Account Registration

To start the Registration process

– The system will return the data from ProducerPro

- Email
- Broker Last Name
- Broker First Name
- Tax ID
- NPN
- States Appointed
- Status
- Create Date
- Action button

- If the broker has not been registered, this will show as **Select**
- If the broker has been registered, this will show as **View / Update User**

Broker Account Registration

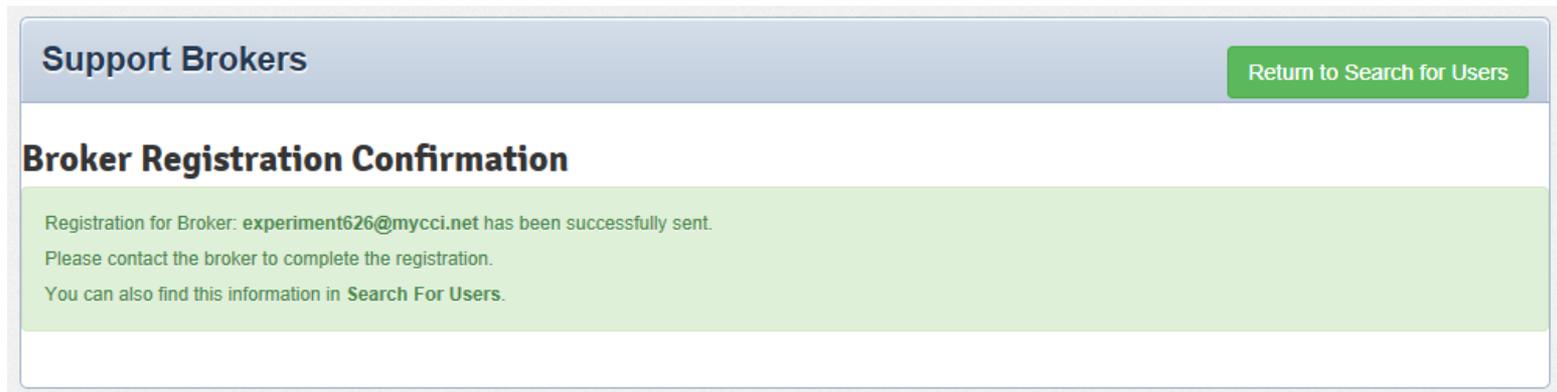

To start the Registration process

- Click **Select** and the other fields will populate and the **Register** button will become active
- If an email is already in use, the system will throw an error.

Broker Account Registration

To start the Registration process

- Click **Register** and the system will create the account, and show the user a confirmation page.
- The system will also send a registration email to the broker

The screenshot shows a web interface with a header bar labeled 'Support Brokers' and a green button labeled 'Return to Search for Users'. Below the header, there is a section titled 'Broker Registration Confirmation' with a green background. The text in this section reads: 'Registration for Broker: experiment626@mycci.net has been successfully sent. Please contact the broker to complete the registration. You can also find this information in Search For Users.'

Broker Account Registration

Completing the Registration Process

- Once the Support user creates the account, the Broker user is responsible for completing the account creation.
 - *Note: The email contains a link to complete registration. That link is valid for up to 48 hours, and if that time passes, a new email must be sent by the Support user.*
- The Broker will be notified via email that an account was created for them.

Broker Account Registration

Completing the Registration Process

– Registration email will look like this:

From: noreply@brokersecureportal.com
Date: 11/22/16 11:06 AM (GMT-08:00)
