

2014 DEALERS of the YEAR

Each year, Window & Door's Dealers of the Year program recognizes window and door retailers and distributors that stand out among their peers as innovators in terms of business practices, sales strategies, customer service, installation methods and community service.

Of these dealers, two are recognized with awards for overall excellence as businesses that contribute positively to the reputation and development of the window and door industry. These companies are recognized in the "Leadership in the Homeowner Market" and "Leadership in the Professional Market" categories.

Window & Door also honors companies in the following categories: Innovative Thinking: *For out-of-the-box thinking in business approach*; Installation: *For demonstrating a commitment to getting the job done right each and every time*; Community Service: *For charity and community service efforts*; Retail Sales/Showroom Design: *For educating and inspiring consumers during the buying process*; Website Design: *For clean, communicative, customer-grabbing presentation*; Customer Service: *For making buyer satisfaction the top priority*. To nominate a retailer or distributor for the 2015 Dealer of the Year Awards, visit www.WindowandDoor.com.
