

SAY GOODBYE TO PAPER-BASED FORMS, SLIPS, MEMOS AND MORE

PARENTPAPERWORK

Groupcall are delighted to be able to offer schools another great bolt-on to their award-winning, parental communication product, Groupcall Messenger. ParentPaperwork is fully integrated with Messenger and your school's MIS.

The system negates the need for paper forms that are labour intensive, costly, unreliable, inefficient and insecure as well as being environmentally unfriendly. ParentPaperwork's online forms are easy to use and allow the school to improve productivity and efficiency. The forms can be customisable and can literally be sent to thousands of parents in minutes. There is no chance that the form can be lost and automatic reminders are in place to prompt parents to return their forms on time.

CUSTOMER TESTIMONIALS

"Our parents love the immediacy of ParentPaperwork and we now average between 95 and 97% response rate within a week of sending out a notice. The last few stragglers will be because they haven't updated their email address with the school."

"We've recently started using ParentPaperwork and absolutely love the program and the savings in staff time. Feedback from parents is that this is so easy to use being able to respond at the touch of a button."

BENEFITS:

ParentPaperwork has many benefits:

Saves the school time and money - approximately 30 forms are sent per year, per pupil costing up to £3,000

30% of parents return their forms within just 4 hours, rising to 60% in 24 hours

Filter through replies in seconds to save working through lots of paper

Keep all forms safe with our data security policy

Fully integrates with your school's MIS

No risk of losing forms

All forms are legible - no hard to read handwriting!

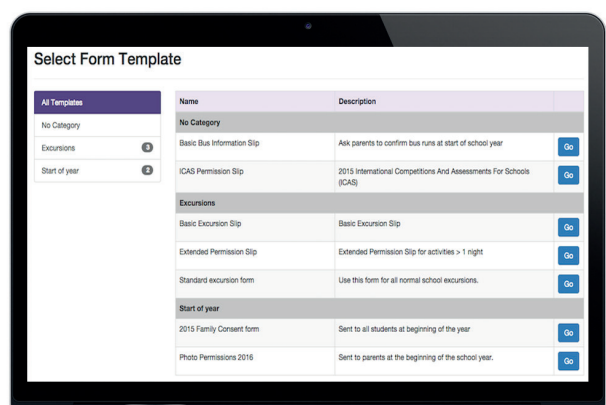

Information from returned forms can be easily exported for analysis

Send forms to thousands of contacts in minutes

Customise the form or use an existing template
