BATCH #

HOLGANIX[®] Bio 800⁺ Agriculture

Application Type Holganix Agriculture Rate

Row Crops	0.5 gal per acre at planting mixed with a minimum of 2.5 gal of water or fertilizer, applied in-furrow or a liquid band.
Produce	2.25 gal per acre at planting applied in a minimum of 30 gal of water. May be applied in transplant water, drip irrigation or foliar spray, but soil saturation is critical. Repeat every 28 days.

Ideal water volume is 1-3 gallons per 1,000 sq ft. If under 1 gallon, irrigation recommended after application.

Recommended Spray Tips: Flood Jet nozzles or spray gun with yellow, green or white nozzle.

*Bacteria: Family Lactobacillaceae (including the Genera Lactobacillus and Pediococcus). Not Less Than 7.5×10^7 cfu. Species of the family Lactobacillaceae including but not limited to: Lactobacillus acidifarinae, L. brevis, L. camelliae, L. fructivorans, L. japonicus, L. kefir, L. manihotivans, L. pantheris, L. parabrevis, L. parabuchneri, L. parafarraginis, L. parakefir, L. pentosus, L. plantarum, L. pontis, L. rhamnosus, L. senmaizukei, L. similis, L. ultunensis, L. zeae, Pediococcus argentitricus, P. cellicola and P. clausenii. Other bacteria families that may be present include (but are not limited to) Acetobacteraceae, Bacillaceae, Enterococcaceae, Flavobacteriaceae, Leuconostocaceae, Paenibacillaceae and Streptococcaceae. Other soil microorganisms in this product may include fungi, yeasts, protozoa and nematodes.

STORAGE AND USE INSTRUCTIONS:

Keep refrigerated between 33°F and 44°F (Holganix Agriculture can be stored at room temperature for up to 48 hours). Once Holganix Agriculture is mixed with water, Holganix Agriculture mixture must be used within 48 hours or aeration is required. Holganix Agriculture may be aerated for 30 days.

There may be a certain amount of sediment or growth in the container. In order to avoid clogging your spray system, please SHAKE WELL and SCREEN material during the filling process.

Contents of this jug will treat 0.4 to 1.0 acres.

COMPATIBLE PRODUCTS:

Holganix Agriculture is spray tank compatible with most fertilizers and pesticides and in many cases rate efficiencies can be gained. Visit www.Holganix.com for compatibility and rate questions.
